

## **Baltimore County Certificate of Inspection Program**

One false alarm fee will be waived if the Alarm System User has the system inspected by a alarm system contractor or a alarm system monitor and the contractor or monitor certifies that the alarm system has been inspected and is functioning properly. A false alarm fee may only be waived if the alarm system user has registered as required by law and if the Alarm Company performing the inspection holds a valid license from the Maryland State Police and holds a valid permit from the Baltimore County Alarm Reduction Section.

Your Alarm Company should complete the enclosed Certificate of Inspection after determining that the alarm system is in good operating condition and that the operators of the alarm system have been instructed in its proper use.

To have a fee waived you must return: The completed Certificate of Inspection **and** your Alarm Registration History noting the False Alarm Fee to be waived. **You may only take advantage of the Certificate of Inspection Program once per calendar year.**

Mail both items to:
