

11.0 Permit Requirements

A. Permit Administration

Baltimore County shall designate an individual to act as a liaison with the Maryland Department of the Environment (MDE) and provide the coordinator's name, title, address, phone number, and email address. Additionally, the County shall submit to MDE an organizational chart detailing personnel and groups responsible for major National Pollutant Discharge Elimination System (NPDES) program tasks with each annual report.

B. Legal Authority

Adequate legal authority shall be maintained in accordance with the NPDES regulation 40 CFR 122.26(d)(2)(i) throughout the term of this permit. In the event that any provisions of its legal authority are found to be invalid, the County shall make the necessary changes to maintain adequate legal authority.

I. Program Funding

1. Annually, a fiscal analysis of the capital, operation, and maintenance expenditures necessary to comply with all conditions of this permit shall be submitted as required in Part IV below.
2. Adequate program funding to comply with all conditions of this permit shall be maintained.

11.1 Permit Administration

The designated individual to act as a liaison with Maryland Department of the Environment is:

Steve Stewart

Manager, Watershed Management and Monitoring Section

Baltimore County Department of Environmental Protection and Resource Management

105 West Chesapeake Avenue, Suite 400

Towson, MD 21204

410-887-4488 x240

sstewart@baltimorecountymd.gov

The major NPDES program tasks are listed in Table 11-1, along with the Baltimore County Departments and associated bureaus or sections responsible for implementation. The County has designated an NPDES Management Committee, composed of representatives from agencies involved in NPDES activities, that meets on a periodic basis for updates and coordination. The main focus of the NPDES Management Committee over the last year has been County property management.

Table 11-1: Major NPDES Program Tasks and Responsible Baltimore County Agencies

NPDES Program Task	Department - Section
Program Administration	DEPRM – Watershed Management and Monitoring
Legal Authority	DEPRM - Administration Baltimore County – Law Office
Source Identification	DEPRM – Watershed Management and Monitoring DEPRM – Policy, Research, Education, and Communication OIT – Geographic Information Systems
Stormwater Management – Review	DEPRM – Stormwater Engineering
Stormwater Management – Inspections	DEPRM – Stormwater Engineering DEPRM – Capital Program and Operations
Erosion and Sediment Control	DEPRM – Inspection and Enforcement
Illicit Discharge Detection and Elimination	DEPRM – Watershed Management and Monitoring DEPRM – Environmental Health
County Property Management	DPW – Highways Bureau DPW – Utilities Bureau Department of Recreation and Parks Community College of Baltimore County Dept. of Education
Road Maintenance	DPW – Highways Bureau – Street Sweeping DPW – Utilities Bureau – Storm Drain Cleaning DEPRM – Watershed Management and Monitoring – Data Management
Public Education	DEPRM – All Sections DEPRM – Policy, Research, Education, and Communication – Major Component
Watershed Assessment and Planning	DEPRM – Watershed Management and Monitoring
Watershed Restoration	DEPRM – Capital Program and Operations
Assessment of Controls	DEPRM – Watershed Management and Monitoring
Program Funding	DEPRM – Finance and Administration
Total Maximum Daily Loads	DEPRM – Watershed Management and Monitoring
Annual Report	DEPRM – Watershed Management and Monitoring DEPRM – Policy, Research, Education, and Communication
Reapplication for NPDES Permit	DEPRM – Watershed Management and Monitoring

DEPRM = Department of Environmental Protection and Resource Management

DPW = Department of Public Works

OIT = Office of Information Technology

The organizational chart submitted as part of the budget request for fiscal year 2010 for the Baltimore County Department of Environmental Protection and Resource Management is displayed in Exhibit 11-1. Exhibit 11-2 is DEPRM’s departmental organization effective April 25, 2009. The FY2010 budget includes four additional staff positions for the Department of Environmental Protection and Resource Management, two for the Environmental Health programs and two for the Stormwater Engineering Section. These two engineering positions may have a benefit to the implementation of the County’s NPDES program.

11.2 Legal Authority

The County continues to maintain adequate legal authority.

11.3 Fiscal Analysis

Table 11-2 displays the operating costs for FY2009 and the projected operating costs through FY 2014. Table 11-3 summarizes the Capital Budget and Program through 2014. Both the operating budget and the Capital Budget and Program are submitted annually by the Baltimore County Executive to the Baltimore County Council for approval. The level of commitment for operating and capital funding is fixed through FY2010. For FY2010, changes may occur if requested by the County Executive and approved by the County Council.

Table 11-2: NPDES Operating Budget

FY 2009 Current	FY 2010 Budgeted	FY 2011 Projected	FY 2012 Projected	FY 2013 Projected	FY 2014 Projected
\$7,579,014	\$7,645,744	\$7,875,116	\$8,111,369	\$8,354,710	\$8,605,351

Table 11-3: Capital Budget and Program

FY 2008 Budgeted	FY 2009 Budgeted	FY 2010 Projected	FY 2011 Projected	FY 2012 Projected	FY 2013 Projected	FY 2014 Projected
\$18,000,000	\$3,235,450	\$14,523,000	\$0	\$10,386,000	\$0	\$9,386,000

Not all of the operating and capital funds are directly related to the NPDES permit. While dredging projects are not directly related to the permit because they do not address stormwater, they are indirectly related because they address pollutant load reduction. The dredging projects require projects that reduce sediment loads within the same watershed as the dredged water body. These retrofit projects typically take the form of various types of stormwater management facilities that reduce pollutants.

Tables 11-4 through 11-6 displays the Capital Budget and Program expenditures by watershed. The watersheds are organized in accordance with the Maryland Tributary Strategies boundaries. There are three budget categories that are not watershed specific. These are listed separately. Each two-year funding cycle is represented as a separate table.
