## **Honesty Statement**

### **Testing Procedures**

All personal belongings must be placed at the designated location in the classroom. Students may take only items specified by the proctor to their testing seats. Once the test has begun there will be no talking. Any questions must be directed to the proctor only. No one will enter or leave the room without the proctor's permission. If a student is allowed to leave a room, he or she must turn the exam in to the proctor until returning. Any attempt at communication with anyone other than the proctor during the exam, reviewing any printed material, or having any printed material within your visual proximity, will be considered cheating.

### **Use of Electronic and Communication Devices**

Students may not use computers, calculators, PDAs, phones, cell phones, pagers nor any other electronic or communications devices (unless specifically directed to do by the proctor) from the time the exam or test is distributed until the exam or test is returned to the proctor. Students found to be using such devices—while excused from the testing room to use the lavatory for example—will be considered to be cheating and will be dealt with accordingly.

### **Honesty/Honor Code Pledge**

I have read and understand the above statement. I will not cheat on any exam. I will report those who do.
