**OPINION AND ORDER**

This matter comes before the Office of Administrative Hearings (OAH) for Baltimore County for consideration of a Petition for Administrative Variance filed by the legal owners of the property, Joseph P. and Patricia A. Ambrose (“Petitioners”). The Petitioners are requesting Variance relief pursuant to §§ 400.1 and 400.3 of the Baltimore County Zoning Regulations (“B.C.Z.R) to permit a proposed pole barn to be located in the front and side yard in lieu of the rear yard, and a height of 17’ in lieu of the required 15’. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners’ Exhibit 1.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. There were no adverse ZAC comments received from any of the County reviewing agencies. However, it is to be noted that a ZAC comment was received on August 6, 2014 from the Department of Planning (DOP). Their comment indicated that the property is mostly wooded that is zoned RC 2, is within an Agricultural Preservation Priority Area, and is adjacent to other similar sized or larger lots including the Gunpowder State Park. DOP opined that the distance between the proposed pole barn storage building and the nearest house is 550’, and that the relief is compatible with the area and will not be detrimental to the health, safety, or

general welfare of the surrounding community.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on August 3, 2014, and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

The Petitioners have filed the supporting affidavits as required by § 32-3-303 of the Baltimore County Code (B.C.C.). Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Administrative Law Judge, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of § 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Although the Department of Planning did not make any recommendations related to the accessory structure height and usage, I will impose conditions that the barn shall not be converted into a dwelling unit or apartment, not contain any sleeping quarters, living area, and kitchen or bathroom facilities.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this 19<sup>th</sup> day of August, 2014 by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from §§ 400.1 and 400.3 of the Baltimore County Zoning Regulations (“B.C.Z.R) to permit a proposed pole barn to be located in the front and side yard in lieu of the rear yard, and a height of 17’ in lieu of the

required 15', be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioners may apply for any appropriate permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, Petitioners would be required to return, and be responsible for returning, said property to its original condition.
2. The Petitioners or subsequent owners shall not convert the pole barn into a dwelling unit or apartment. The accessory structure/pole barn shall not contain any sleeping quarters, living area, and kitchen or bathroom facilities.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.
