BOARD MEETING AT THE BALTIMORE COUNTY CENTER FOR MARYLAND AGRICULTURE

BOARD MEMBERS PRESENT: John Merryman, Scott Welsh, Stephen Myer, Gail Ensor, Russell Berk

OTHERS PRESENT: Wally Lippincott (Staff), Joe Wiley (Staff), Keeve Brine (Staff), Vernon Hilse (landowner), Jeff Hilse (landowner), Bruce E. Doak (surveyor), Ed Covahay (attorney)

INTRODUCTION: The meeting was opened at 6:34 pm by Gail Ensor.

I. BALTIMORE COUNTY EASEMENT/LANDOWNER REQUESTS/ ISSUES

A. Hilse, Vernon (04-06) – 2213 Traceys Store Road, Parkton 64.921+/- acres

Request: Board review of requested support for a release of 0.7 acres.

Background: The Board previously recommended to table this issue until further notice at the March 8, 2017 board meeting due to legal uncertainties. In summary, the Hilse family is requesting the Boards review of support for a release of 0.7 acres (of which is and has never been used for agriculture) on the property located at 2213 Traceys Store Road, in Parkton. The owner of the 64 acre farm, Vernon Hilse, agrees to convey the 0.7 portion of his property under Agricultural easement to his son, Jeff Hilse. The 0.7 acre area lies to the south of the 1.4 acre lot that Jeff Hilse owns and residents on. Mr. Jeff Hilse feels that the 0.7 parcel in which he wishes to be conveyed unto him will provide a buffer area from the farming operation to his residence. (See attached map).

DISCUSSION: Wally Lippincott (Staff) gave an overview of the initial request from March 2017 and provided a review of follow-up meeting with the County attorney and land acquisition office. The County from that meeting recommended a minor lot line adjustment with the value of the land determined by appraisal for reimbursement to the County. A new proposal was presented by Bruce Doak (surveyor) and Ed Covahay (attorney) representing the Hilses and an extensive discussion ensued. The new proposal included a lot line adjustment, which in fact would be a subdivision, of the 0.7 acres from 2213 Traceys Store Road while keeping both parcels subject to the land preservation easement (while under different ownership). As incentive, Bruce Doak proposed the addition of 0.2 acres of farmable land, to the north of the 1.4 acre lot owned by Jeff Hilse, to the easement. Wally Lippincott countered with the language found in the Deed of Easement, which essentially states that subdivision shall not be granted for residential purposes. In addition, the County would not want to be responsible in track and inspect a separate small parcel under easement in that scenario.
Motion: The Board recommends a lot line adjustment to release 0.7 acres from the easement with no County reimbursement required, the addition of 0.2 acres to the easement, and the addition of a deed restriction to the language of Jeff Hils’s Deed that the released land be “non-subdividable” subject to the approval of Baltimore County Office of Law via an addendum or confirmatory deed.
