REQUEST FOR BID NO. B-1051  
ON-CALL UTILITY INSPECTION AND MAINTENANCE**

**AMENDMENT NO. 1**

**The following information is issued for this solicitation.**

1. The bid due date is hereby extended from Thursday, 9/8/16 at 3:00 p.m. to Monday, 9/19/16 at 3:00 p.m. A revised bid label is attached. Questions may be submitted until Monday 9/12/16.
2. The MBE Participation forms are attached to this Amendment. They were inadvertently omitted when the bid was posted.

Please note that MBE participation for this contract will be sought on a per assigned task basis. The primary contractors will have flexibility to partner with multiple MBE/WBE firms through the life of the contract based on each task assignment. Performance and Payment bonds will also be required for each task, instead of for the contract term. Bid bonds are still required for the bid submittal to be considered responsive. Delivery orders cannot be approved until the MBE forms and executed bonds are received, reviewed, and approved.

Contractors bidding as primes must include Form A-1 in their bid submittal, acknowledging the 15% participation requirement, or their bid will be considered non-responsive.

3. The Sign-In sheet from the pre-bid meeting is attached.
4. The Bureau of Utilities has provided a color-coded map of all planned work to be performed under the contract resulting from this bid. The original size of the map is 36" x 48". The work indicated is intended to be performed over the full term of the agreement, and is not reflective of an annual requirement.
5. On page 127 revise line item 26 to read "CCTV Inspection, Off-Road, 55 inch and larger diameter pipe, as per specifications"
6. **Question:** Is Section 1.6.4 on page 23 a contradiction of Section 13 on page 26?  
**Answer:** No
7. Discard the Price Sheets. Replace with Revised Price Sheets. Line 92 has been changed and line 93 has been added.
8. All other terms and conditions remain the same.

All bidders shall ensure that MBE/WBE have the maximum opportunity to compete for and perform County contracts, as applicable. **BIDDER'S ACTIONS**

Seeking Commitments: The bidder will seek commitments by subcontract or otherwise from MBE/WBE for supplies and/or services, any combined value of which equals or exceeds the required percentage of MBE/WBE participation for the County contract.

Expenditures for Materials and Supplies: A bidder may count toward its MBE/WBE contract requirements, all expenditures for materials and supplies obtained from MBE/WBE suppliers and manufacturers, provided that the MBE/WBE assumes the actual and contractual responsibility for the provision of the materials and supplies.

Information to be Supplied: All bidders shall submit the following information to the County.

1. The name of an employee designated as the bidder's liaison to the County's Office for Fair Practices must be submitted at the time of the initial bid submission.
2. The following form shall be completed and submitted at the time of initial bid submission:
  - Certified MBE/WBE Utilization and Fair Solicitation Affidavit (**Form A-1**); from among those names appearing in the Approved MBE/WBE Listings (excepting Federal Highway Administration projects, which exclusively require MBE/WBE approved and certified by the Maryland Department of Transportation Certification Committee);
3. The following forms shall be completed and submitted at the time of submission of a bid in each assigned task:
  - A MBE/WBE Participation (**Form B-1**) completed and signed by the prime contractor and MBE/WBE for each MBE/WBE listed on the Form.

- A MBE/WBE Disclosure and Participation Statement (**Form C-1**) completed and signed by the prime contractor and MBE/WBE for each MBE/WBE listed on the Form.
  - If applicable, MBE/WBE Subcontractor Unavailable Certificate (**Form D-1**) completed and signed by the prime contractor and MBE/WBE for each MBE/WBE listed on the Form.
  - If applicable, MBE/WBE Outreach Efforts - Compliance Statement (**Form E-1**) completed and signed by the Bidder.
3. If the bidder's proposed MBE/WBE participation does not meet the MBE/WBE contract requirements, information sufficient to demonstrate that the bidder has made every effort to meet the requirements must be submitted. (See DETERMINATION OF BID RESPONSIVENESS hereafter)

### RECORDS AND REPORTS

Records to be Kept: The bidder must keep such records as are necessary to determine compliance with its MBE/WBE utilization requirements:

1. The MBE/WBE and non-minority contractors, type of work being performed, actual values of work and services.
2. Documentation of all correspondence, contacts, telephone calls, etc., to obtain MBE/WBE services for the contract.
3. All prime contractors and MBE/WBE sub-contractors are required to report monthly to the County through an online system called PRISM. If the contractor cannot submit his/her report on time, he/she will notify the County MBE/WBE office and request additional time to submit the report. Failure of the contractor to report in a timely manner may result in a finding of noncompliance. The County in its sole discretion and/or upon written request may require additional reports regarding MBE/WBE.

Retaining Records: All MBE/WBE records must be retained for 3 years following the expiration or any earlier termination of the contract and shall be available for inspection and photocopying by the County.

Investigation and Notification: Whenever the County believes the bidder, contractor, or any subcontractor may not be operating in compliance with the MBE/WBE requirements, the County may, in its sole discretion, conduct an investigation. If the County finds the bidder, contractor, or any subcontractor is not in compliance with the MBE/WBE requirements, the County may exercise any and all rights and remedies available to the County, under the contract, at law or equity, as deemed applicable and appropriate by the County in its sole discretion.

### DETERMINATION OF BID RESPONSIVENESS

Request for Deviation: If the bidder is unable to procure from MBE/WBE's (by subcontract or otherwise), supplies and services, any combined value of which equals the required percentage of the total value of the contract, the bidder may request, in writing, a deviation or waiver of the contract requirements. To obtain such a waiver, the bidder must submit the following information at the time bids are due:

The request for waiver request shall include (1) a signed unavailability statement (Form D) executed by all MBEs and WBEs that the bidder solicited for participation and (2) Outreach Efforts/Compliance Statement (Form E) that demonstrates the bidder's good faith efforts to comply with the contract requirements, including copies of solicitation documentation to all potential subcontractors:

Emails, letters, facsimile transmittals and confirmations containing plans, specifications, and anticipated time schedule for portions of the work to be performed and meeting notes and agendas clearly identifying the certified MBE or WBE classification and dates that the bidder contacted each MBE/WBE; and

Telephone logs containing names, addresses, dates, telephone numbers, work to be performed, anticipated time schedule and classification of certified MBEs and WBEs contacted.

Contract Breach: For Purchasing contracts, failure to provide a responsive MBE/WBE Plan with response to assigned tasks as required by the solicitation may result in termination of the contractor/bidder being deemed non-responsive and the County's rejection of the bid. FOR DPW CONTRACTS, (a) THE SOLICITATION, INCLUDING BUT NOT LIMITED TO THIS MBE/WBE PARTICIPATION SUMMARY AND ALL RELATED COUNTY MBE/WBE DOCUMENTS, AND (b) THE BID RESPONSE SHALL COLLECTIVELY OVERRIDE, CONTROL AND GOVERN OVER Section GP 7.29 of the February 2000 Baltimore County Department of Public Works' Standard Specifications for Construction and Materials.

Cooperation in Reviews: The bidder will cooperate with the County in any reviews of the contractor's procedures and practices with respect to MBE or WBE firms, which the County may from time to time conduct in its sole discretion.

Approval Required for Changes: Any and all changes to the contractor's use of MBE/WBE subcontractors during the contract term must be mutually agreeable to the County and the contractor and shall be documented via a contract amendment, executed by legally authorized representatives of the County and the contractor.

Other: If the documents used to determine the contractor's efforts, achievement of, and/or the status of an MBE/WBE requirement or fulfillment thereof contain false, misleading or misrepresenting information, the contractor may be declared in breach of the contract and/or the County may take any and all actions and/or remedies available to the County under the contract, at law, or in equity. If an MBE/WBE is disqualified by any public entity, including but not limited to, Baltimore City, the State or MDOT, at any time after award or during the term of the contract, the County may, in its sole discretion, take any action or no action, as deemed appropriate by the County, including but not limited to, review of each situation on a case-by-case basis, require the prime contractor to promptly submit for County approval, the contractor's plans for fulfilling the required MBE/WBE participation under the contract, and/or request such detail and additional information as the County, in its discretion deems appropriate.
