BALTIMORE COUNTY, MARYLAND
General Instructions for Solicitations

1. Instructions, Forms and Specifications

1.1 All bids/proposals are to be submitted on and in accordance with the forms provided by the Purchasing Division. All bids must be submitted in a sealed envelope/carton or electronically as specified in the General Conditions. All bids must be clearly identified with the SOLICITATION NUMBER and the DUE DATE and TIME for mailed and/or hand-delivered submittals and SOLICITATION NUMBER for electronic submittals. Bid times are either Eastern Standard Time or Eastern Daylight Time, whichever prevails. Late bids will not be considered.

1.2 Responses to Requests for Bids and Requests for Proposals shall be accompanied by an executed Procurement Affidavit, as provided by the Purchasing Division. This does not apply to Requests for Quotations.

1.3 Amendments to solicitations often occur prior to bid opening and sometimes within hours prior to bid opening. All bidders are responsible for frequently visiting the Purchasing web site to obtain amendments once they have downloaded a solicitation.

1.4 Additional information or clarification of any of the instructions or information contained herein may be obtained from the Purchasing Division. The County assumes no responsibility for oral instructions or suggestions. All official correspondence in regard to this solicitation must be directed to, and will be issued by, the Purchasing Division.

1.5 Bidders finding any discrepancy in or omission from the specifications, in doubt as to meaning, or asserting that the specifications are discriminatory, shall notify the Purchasing Division in writing at once, but in no case later than five (5) business days prior to the scheduled opening of bids. Exceptions stated do not obligate the County to change the specifications. The Purchasing Division will notify all bidders in writing, by amendment duly issued, of any substantive revisions to specifications or instructions.

1.6 Unless a written exception detailing non-conformance to specifications is noted on the bid, any part number, product number, catalog number, etc., noted on the bid will be considered in full compliance with the specifications.

1.7 Submission of a bid in response to this solicitation evidences the bidder’s acceptance of these General Instructions and the terms and conditions of the solicitation. Submission of a bid evidences bidder’s representation and warranty that the person submitting the bid response is authorized to act for and bind the contractor.

1.8 All original and duplicate bids/proposals and other attachments, related documents and correspondence, including all follow-up documents and correspondence, shall be typed or written in English. All prices/percentages and/or other monetary figures shall be in United States dollars.

1.9 Requests for Bids and Requests for Proposals should be accompanied by an electronic version (Compact Disc) of the bid proposal in PDF format. It shall be the bidder’s responsibility to verify that the electronic version is complete. The electronic version of the non-successful proposal response will be the only version retained by Baltimore County. The Compact Disc must be labeled with the bid number, the bid title, and the bidder’s name submitting the response. All bids must be submitted in a sealed envelope or carton as appropriate. This does not apply to Requests for Quotation.

1.10 Issuing Officer: The sole point of contact for the County for purposes of this solicitation is the Buyer, listed on the cover page; questions regarding any aspect of the competitive process must be directed to the Buyer, in writing.

2. Award of Solicitations

2.1 Any award pursuant to Requests for Quotation and Requests for Bid is made to the lowest responsive and responsible bidder following the public opening of bids under Section 10-2-406 of the Baltimore County Code, 2003, as amended.

2.2 Awards on Requests for Quotations and Requests for Bid will be made within sixty (60) days after bid opening unless otherwise indicated in this solicitation. No bidder will be allowed to withdraw a bid during that period.

2.3 The successful bidder may be required to give security or bond, as stated in the bid document, for performance of the contract.

2.4 When there is a conflict between the unit price or percentage and the extension, the unit price or percentage will prevail as the amount of the bid.

2.5 Cash discounts will be considered in determining awards. However, cash discount offers must allow not less than 30 days to be considered in bid evaluation. A bid offering a cash discount in a period of less than 30 days will be evaluated as a bid without a discount offer; however, should that bidder obtain award by consideration of the gross price, the County shall make every effort to obtain the discount. The County will not accept any payment terms with a period of less than 30 days.
2.6 Invoices against resulting order(s) must be submitted, in duplicate, to the Office of Budget and Finance, Disbursements Section, 400 Washington Avenue, Room 148, Towson, Maryland 21204-4665. Invoices must show the vendor’s Federal Tax Identification Number or Social Security Number, as appropriate, and order number and line number(s) that correspond with resulting order(s).

2.7 The County will not pay interest charges or other penalties for invoice payments.

2.8 Prices quoted shall be exclusive of all non-applicable Federal and Maryland State taxes. Tax exemption certificate will be furnished if required.

2.9 The County reserves the right to consider making payments via electronic funds transfers (EFT) on contracts for which this payment vehicle may be appropriate.

3. Reservations

3.1 The County reserves the right to reject, in whole or in part, any and all bids received, and to make a whole award, multiple awards, a partial award, or no award, to best serve the public interest.

3.2 The County may waive formalities in bids as the interests of the County may require.

3.3 The County reserves the right to increase or decrease quantities by approximately twenty (20) percent to be purchased at the prices bid.

3.4 The County reserves the right to award solicitations or place orders on a lump sum or individual item basis, or in such combination as to best serve the public interest.

3.5 The County may waive minor differences, irregularities, and technicalities in the specifications, provided they neither violate the specifications intent, materially affect the operation for which the items or services are being purchased, nor increase estimated maintenance and repair costs to the County.

3.6 At any time during normal business hours and as often as the County may deem necessary, the Contractor shall make available to and permit inspection and photocopying, by the County, its employees or agents, of all records, information and documentation of the Contractor related to the subject matter of this contract, including, but not limited to, all contracts, invoices, payroll, and financial audits.

3.7 Notwithstanding any other terms or provisions of the contract, in the event the County is temporarily or permanently prevented, restricted or delayed in the performance of any or all of the duties and obligations imposed upon or assumed by it thereunder, by act of the General Assembly of Maryland or the Baltimore County Council, by a court of competent jurisdiction or by administrative delay not due to the fault of the County (and its members and agents) shall not be liable directly or indirectly for any claims caused to or suffered by the Contractor or any other person in connection with or as a result of such prevention, restriction or delay.

3.8 The County further reserves the right to make such investigation as it deems necessary to determine the ability of bidders to furnish the required services, and bidders shall furnish all such information for this purpose as the County may request. The County also reserves the right to reject the proposal of any bidder who is not currently in a position to perform the contract, or who has previously failed to perform similar contracts properly, or in a manner acceptable to the County, all of which shall be in the County’s sole discretion.

4. Delivery

4.1 Bidders shall guarantee delivery of materials in accordance with the delivery schedule stated in specifications. All items shall be delivered F.O.B. Destination/Inside Delivery, unless otherwise indicated, with delivery costs and charges included in the bid price.

4.2 The County reserves the right to charge the Contractor or vendor for each day the materials, supplies, or services are not delivered in accordance with the delivery schedule. The sum established by the specifications may be invoked at the discretion of the Purchasing Agent, said sum to be considered not as a penalty, but as liquidated damages, and deducted from final payment, or otherwise, charged to the Contractor or vendor. This remedy is not exclusive but shall be in addition to all other rights and remedies available to the County. These liquidated damages shall be in addition to any and all actual damages incurred directly or indirectly by the County, its agents, assigns, and contractors.

4.3 All bidders and vendors are to ensure that packaging materials used for this requirement are not made of non-recyclable Styrofoam (Polystyrene). Additionally, any materials used in packing to cushion, protect and ship are to be made of recycled, recyclable or biodegradable materials.

5. Competition

5.1 The name of any manufacturer, trade name, or vendor catalog number mentioned in the specifications
is for the purpose of designating a standard of quality and type, and for no other purpose unless otherwise stated in
the solicitation.

5.2 A bidder may offer a price on only one unit per line item. Even though two or more units may meet the
specification, bidders must determine for themselves which
to offer. Submission by a bidder of prices for more than
one unit shall be sufficient cause for rejection of the bid for
that specific item.

5.3 Bids which show omission, irregularity, alteration of
forms or additions not called for, as well as conditional or
unconditional unresponsive bids, or bids obviously
unbalanced, may be rejected.

5.4 All bids must be accompanied by such descriptive
literature as may be called for by the specifications or
proposal.

5.5 If products to be provided to the County contain any
substances that could be hazardous or injurious to a
person's health, a material safety data sheet (MSDS) must
be provided to the Purchasing Division. This applies also
to any product used by a Contractor when providing a
service to the County.

5.6 Specifications are based on County needs and uses,
estimated costs of operations and maintenance, and other
significant and/or limiting factors to meet County
requirements, and to ensure consistency with County
policies. Minimum specifications, and maximum
specifications where included, are not established
arbitrarily to limit competition or to exclude otherwise
competitive bidders.

5.7 Unless multiple or alternate bids are requested in the
solicitation, these bids may not be accepted. However, if a
bidder clearly indicates a base bid, it shall be considered
for award as though it were the only bid submitted by the
bidder.

6. Terminations

6.1 Termination for Convenience: The County may
terminate a contract, in whole or in part, without cause, by
providing written notice thereof to the Contractor. In the
event of termination, without cause, the County shall advise
the Contractor in writing of the termination date and of work
to be performed during the final days prior to contract
termination. The Contractor shall be paid for all reasonable
costs incurred by the Contractor up to the date of
termination set forth in the written notice. The Contractor will not be reimbursed for any anticipatory
profits, which have not been earned up to the date of
termination. Payments to be provided on a lump sum basis
shall be prorated by the County based on the services
rendered or goods delivered up to the date of
termination set forth in the written notice.

6.2 Termination for Default:

6.2.1 In addition to other available rights and
remedies, the County shall have the right upon the
happening of any default, without providing notice to the
Contractor: 1) To terminate a contract immediately, in
whole or in part; 2) To suspend the contractor's
authority to receive any undisbursed funds; and/or 3) To
proceed at any time or from time to time to protect
and enforce all rights and remedies available to the
County, by suit or any other appropriate proceedings,
whether for specific performance or any covenant, term
or condition set forth in the contract, or for damages or
other relief, or proceed to take any action authorized or
permitted under applicable law or regulations.

6.2.2 Upon termination of a contract for default, the
County may elect to pay the Contractor for services
provided or goods delivered up to the date of
termination, less the amount of damages caused by the
default, all as determined by the County in its sole
discretion. If the damages exceed the undisbursed
sums available for compensation, the County shall not
be obligated to make any further disbursements
hereunder.

6.3 Funding Out: If funds are not appropriated or
otherwise made available to support contract
continuation in any fiscal year, the County shall have
the right to terminate the contract without prior notice to
the Contractor and without any obligation or penalty.

7. Hold Harmless – Indemnification

7.1 The Contractor shall defend, indemnify and hold
harmless the County, its employees, agents and
officials from any and all liabilities, claims, suits, or
demands including attorney's fees and court costs
which may be incurred or made against the County, its
employees, agents or officials resulting from any act or
omission committed in the performance of the duties
imposed by and performed under the terms of the
contract. The Contractor shall not be responsible for
acts of gross negligence or willful misconduct
committed by the County.

7.2 The Contractor shall also defend, indemnify and
hold harmless the County, its employees, agents and
officials from any and all liabilities, claims, suits, or
demands including attorney's fees and court costs
which may be made against the County, its employees,
agents or officials by any third party arising from the
alleged violation of any third party's trade secrets,
proprietary information, trademark, copyright, patent
rights, or intellectual property rights in connection with the contract.

7.3 Unless notified in writing by the County to the contrary, the Contractor shall provide defense for the County, its employees, agents and officials in accordance with this Article and in doing so the Contractor shall allow the County to participate in said defense of the County, its employees, agents and officials, to the extent and as may be required by the County and the Contractor shall cooperate with the County in all aspects in connection therewith. All filings, actions, settlements, and pleadings shall be provided to the County for comment and review prior to filing or entering thereof. No filing, action, settlement or pleading shall be filed or entered without the prior consent and approval of the County.

8. Minority/Women’s Business Enterprise (MBE/WBE) and Small Business Notice: Baltimore County is seeking Minority, Woman and Small Businesses to bid on current solicitations as a prime or subcontractor. In accordance with the Executive Order 2017-003 dated July 27, 2017, “an overall goal of 15% of the cumulative total of all discretionary dollars spent in a fiscal year of County procurements is to be awarded to and/or performed by MBE and WBE firms.” Refer to the section entitled Minority Business Enterprise and Women Business Enterprise Requirements (MBE/WBE) for the current required goal. MBE/WBE’s and Small Businesses are encouraged to respond to this solicitation.

9. Authority

9.1 In case of disputes as to whether an item or service quoted or delivered meets specifications, the decision of the Purchasing Agent or authorized representative shall be final and binding on both parties. The Purchasing Agent may request the recommendation in writing of the head of the using agency, the Standards and Specifications Committee, or other objective sources.

9.2 Bidders desiring to appeal a decision of the Purchasing Division must deliver written protests to the Purchasing Division within 10 days of notification of award. The Purchasing Agent or designee will review the protested decision, examine any additional information provided by the bidder and respond in writing within 10 working days of receipt of written protests.

9.3 Instructions, Specifications, and Proposals are issued, and all bids, quotations, orders, and purchases are made pursuant and subject to the provisions of the Baltimore County Charter, and Article 10, Title 2 of the Baltimore County Code, 2003, as amended, and regulations and policies established or prescribed by the Purchasing Division.

10. HIPAA: The Contractor shall comply with the Health Insurance Portability and Accountability Act (HIPAA) and shall execute a Business Associate Agreement as may be required by the County.

11. Reports: When required, reports prepared for Baltimore County should be printed on recycled and recyclable paper printed on both sides per Section 10-2-312 of the Baltimore County Code, 2003, as amended.

12. Terms of Contract

12.1 Any contract awarded pursuant to this solicitation shall be by and between the successful bidder and the County, and shall contain and incorporate, but may not be limited to, all terms and conditions of the solicitation, any amendments or changes thereto. Submission of a bid in response to this solicitation evidences the Contractor’s acceptance of the terms and conditions therein.

12.2 The provisions of the contract awarded pursuant to this solicitation shall be governed by the laws and regulations of Maryland and Baltimore County.

12.3 Any litigation arising out of or relating in any way to the contract or the performance thereunder shall be brought only in the courts of Maryland, and the Contractor hereby irrevocably consents to such jurisdiction. To the extent that the County is a party to any litigation arising out of or relating in any way to the contract or the performance thereunder, such an action shall be brought only in a court of competent jurisdiction in the courts of the State of Maryland.

13. Severability: If any provisions in the contract are declared by a court or other lawful authority to be unenforceable or invalid for any reason the remaining provisions hereof shall not be affected thereby and shall remain enforceable to the full extent permitted by law.

14. Counterparts: The contract may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument.

15. Survival: The provisions of paragraphs 1.7 (Representations and Warranties), 4.2 (Damages), 7 (Indemnification), and 10 (HIPAA) shall survive delivery of commodities and/or performance of services.

16. No Waiver, Etc.: No failure or delay by the County to insist upon the strict performance of any term, condition or covenant of the contract, or to exercise any right, power, or remedy consequent upon
a breach thereof, shall constitute a waiver of any such term, condition, or covenant or of any such breach, or preclude the County from exercising any such right, power, or remedy at any later time or times.

17. Maryland Registration / Qualification Requirements:

17.1 Baltimore County verifies the company’s status with SDAT and may require the successful bidder to submit a Good Standing Certificate (also known as a “Certificate of Status”) issued by the Maryland Department of Assessment and Taxation’s (“SDAT”) Charter Division, and the State of Organization.

17.2 For information on registering to do business in the State of Maryland or to download SDAT related forms visit the Maryland Department of State Department of Assessments & Taxation at http://www.dat.state.maryland.gov/businesses/Pages/default.aspx. If you need additional assistance call (410) 767-1184.

17.3 Baltimore County requires the successful bidder to be in “good standing” (also known as Certificate of Status) with the State in which it is organized, and in the State of Maryland, under certain circumstances. Baltimore County verifies the successful bidder’s status with SDAT. Non-compliance to this section may result in a delay in contract award or rejection of a bid.

18. Eligibility of Candidates for Employment:

18.1 The E-Verify program is an internet-based employment verification system that allows employers to verify employee status against Federal Social Security and immigration databases.

18.2 Baltimore County encourages employers to utilize the E-verify program, or an equivalent system, as a means to help employers determine the eligibility of new hires.

19. Warranty:

19.1 Contractor warrants for one year from acceptance, or for such longer period otherwise expressly stated in the attached solicitation, all goods, services, and construction provided. This includes a warranty against any and all defects. The contractor must correct any and all defects in material and/or workmanship that may appear during the warranty period, even if discovered after the end of the warranty period, by repairing any such defect, (or replacing with new items or new materials, if necessary), at no cost to the County and to the County’s satisfaction.

19.2 Should a manufacturer’s or service provider’s warranty exceed the requirements stated above, that warranty will be the primary one used in the case of defect.

Copies of manufacturer’s or service provider’s warranties must be provided upon request.

19.3 All warranties must be in effect from the date of acceptance by the County of the goods, services, or construction.

19.4 The contractor warrants that all work shall be accomplished in a workmanlike manner, and the contractor must observe and comply with all Federal, State, County and local laws, ordinances and regulations in providing the goods, and performing the services or construction.

20. American Manufactured Goods Required for Public Works:

20.1 The Contractor shall comply with Section 14-416 of the Maryland State Finance and Procurement Article which requires a contractor or subcontractor to use or supply American Manufactured goods in the performance of a contract for (a) constructing or maintaining a public work; or (b) buying or manufacturing machinery or equipment that is to be installed at a public work site, as the same may be amended from time to time.

20.2 This section does not apply: (a) if Baltimore County determines that: (i) the price of the American manufactured goods exceeds the price of a similar manufactured good that is not manufactured in the United States by an unreasonable amount; (ii) the item or a similar item is not manufactured or available for purchase in the United States in reasonably available quantities; (iii) the quality of the item or a similar item manufactured in the United States is substantially less than the quality of a comparably priced, similar, and available item that is not manufactured in the United States; or (iv) the procurement of a manufactured good would be inconsistent with the public interest; or (b) to emergency life safety and property safety goods.

20.3 The Contractor shall certify to Baltimore County whether the offered goods and/or services are provided in the United States.

____________________________________________________________________________.

E. AFFIRMATION REGARDING DEBARMENT OF RELATED ENTITIES

I FURTHER AFFIRM THAT:

(1) The Business was not established and it does not operate in a manner designed to evade the application of or defeat the purpose of debarment pursuant to Sections 16-101, et seq., of the State Finance and Procurement Article of the Annotated Code of Maryland; and

(2) The Business is not a successor, assignee, subsidiary, or affiliate of a suspended or debarred business, except as follows: [you must indicate the reasons why the affirmations cannot be given without qualification]:

____________________________________________________________________________
____________________________________________________________________________.

F. SUB-CONTRACT AFFIRMATION

I FURTHER AFFIRM THAT:

Neither I, nor to the best of my knowledge, information, and belief, the Business, has knowingly entered into a contract with a public body under which a person debarred or suspended under Title 16 of the State Finance and Procurement Article of the Annotated Code of Maryland will provide, directly or indirectly, supplies, services, architectural services, construction related services, leases of real property, or construction.

G. AFFIRMATION REGARDING COLLUSION

I FURTHER AFFIRM THAT:

Neither I, nor to the best of my knowledge, information, and belief, the Business, nor any of its employees, have in any way:

(1) Agreed, conspired, connived, or colluded to produce a deceptive show of competition in the compilation of the accompanying bid or offer that is being submitted;

(2) In any manner, directly or indirectly, entered into any agreement of any kind to fix the bid price or price proposal of the bidder or offeror or of any competitor, or otherwise take any action to impact, restrain, or inhibit free competitive bidding in connection with the contract for which the accompanying bid or offer is submitted;
(3) Colluded with anyone to obtain information concerning the bid that would give the Business an unfair advantage over others.

H. AFFIRMATION REGARDING POLITICAL CONTRIBUTION DISCLOSURE

I FURTHER AFFIRM THAT:

The Contractor affirms that it is aware of, and will comply with, the provisions of Sections 14-101 through 14-108 of the Election Law Article of the Annotated Code of Maryland, which require that every person who makes, during any 12-month period, one or more contracts, with one or more Maryland governmental entities involving cumulative consideration, or at least $200,000.00, shall file with the State Board of Elections certain specified information to include disclosure of attributable political contributions in excess of $500 during defined reporting periods.

J. CONTINGENT FEES

I FURTHER AFFIRM THAT:

The Business has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Business, to solicit or secure the Contract, and that the Business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or other consideration contingent on the making of the Contract.
K. **AFFIRMATION OF NONDISCRIMINATION IN EMPLOYMENT**

I FURTHER AFFIRM THAT:

During the performance of any contract awarded pursuant to the solicitation of which this affidavit is a part:

1. The Business will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, national origin, marital status, sexual orientation, genetic information, or disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or because of the individual’s refusal to submit to a genetic test or make available the results of a genetic test. The Business will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, age, national origin, marital status, sexual orientation, genetic information, status as a veteran, or disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or because of the individual’s refusal to submit to a genetic test or make available the results of a genetic test. Such action shall include, but not be limited to the following: employment, promotion, upgrading, demotion or transfer, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Business agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the owner setting forth provisions of this nondiscrimination clause.

2. The Business will, in all solicitations or advertisements for employees placed by or on behalf of the Business, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, marital status, sexual orientation, genetic information, status as a veteran or disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or because of the individual’s refusal to submit to a genetic test or make available the results of a genetic test.

3. The Business shall send to each labor union or representative of workers with which the Business has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the owner, advising the said labor union or workers’ representative of these commitments, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The Business shall furnish, if requested by the County, a compliance report concerning our employment practices and policies in order for the County to ascertain compliance with the special provisions of this affidavit concerning nondiscrimination in employment.

5. In the event of the Business’s noncompliance with the nondiscrimination clause of this affidavit, the contract may be canceled, terminated, or suspended in whole or in part, and the Business may be declared ineligible for further County work.

6. The Business shall include the special provisions outlined herein pertaining to nondiscrimination in employment in every subcontract, so that such nondiscrimination in employment provisions shall be binding on each subcontractor or vendor.

L. **FOREIGN CONTRACTS DISCLOSURES**

I FURTHER AFFIRM THAT:

1. The Business affirms that it is aware of, and will comply with, the provisions of Sections 10-2-110 Article 10. Finance, Title 2 – Purchasing, Baltimore County Code 2003, as amended, which requires that prior to the award of a contract for services under the provisions of this title, and during the entire term of a contract award, the bidder or vendor shall disclose to the County whether any services covered by the bid or contract, including any subcontracted services, will be performed outside the United States.

2. The Business affirms that it is aware of, and will comply with, the provisions of Section 12-111 of the Maryland State Finance Procurement Article, which requires bidders to make certain disclosures relating to subcontractors or services, regarding plans at the time the bid is submitted, to perform any services with an estimated value of $2 million or more under the contract outside the United States. This provision applies to: (1) construction-related services; (2) architectural services; (3) engineering services; or (4) energy performance contract services. The provision requires bidders to disclose:
   a. Whether the Business or any contractor that the Business will subcontract with to perform the contract has plans, at the time the bid is submitted, to perform any services required under the contract outside the United States; and
b. If the services under the contract are anticipated to be performed outside the United States;
c. Where the services will be performed; and
d. The reasons why it is necessary or advantageous to perform the services outside the United States.

(3) Indicate below whether or not the Business has information to disclose. (You must check one of these)

[ ] The Business has no plans, at the time the bid is submitted, to perform any services under the contract outside the United States.

[ ] The Business has plans, at the time the bid is submitted, to perform services under the contract outside the United States.
   i. The services will be performed in the following location:
   ii. It is necessary or advantageous to perform the services outside the United States for the following reason(s): _________________________

M. AFFIRMATION REGARDING INVESTMENT ACTIVITIES IN IRAN

I FURTHER AFFIRM THAT:

At the time the bid/proposal is submitted, or if the contract is renewed, the Business:
   i. Is not identified on the list created by the Maryland State Board of Public Works as a person, Business or entity engaging in investment activities in Iran as described in Section 17-702 of the Maryland State Finance and Procurement Article; or
   ii. Is not engaging in investment activities in Iran as described in Section 17-702 of the Maryland State Finance and Procurement Article.

If the Business is unable to make the certification, it will provide the County, under penalty of perjury, a detailed description of the Business’ investment activities in Iran.

N. ACKNOWLEDGMENT

I ACKNOWLEDGE THAT this Affidavit is to be furnished to the County and may be distributed to units of (1) Baltimore County; (2) the State of Maryland; (3) other counties or political subdivisions of the State of Maryland; (4) other states; and (5) the federal government. I further acknowledge that this Affidavit is subject to applicable laws of the United States and the State of Maryland, both criminal and civil, and that nothing in this Affidavit or any contract resulting from the submission of this bid or proposal shall be construed to supersede, amend, modify or waive, on behalf of Baltimore County, or the State of Maryland or any unit of the State of Maryland having jurisdiction, the exercise of any right or remedy at Law or in equity with respect to any misrepresentation made or any violation of the obligations, terms and covenants undertaken by the Business with respect to (a) this Affidavit, (b) the contract, and (3) other Affidavits comprising part of the contract.

I DO SOLEMNLY DECLARE AND AFFIRM UNDER THE PENALTIES OF PERJURY THAT THE CONTENTS OF THIS AFFIDAVIT ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION, AND BELIEF, AFTER DILIGENT INQUIRY.

First Source Hiring Agreement Overview

What is First Source Hiring?

Baltimore County’s First Source Hiring Agreement requires that developers, contractors, and employers utilize good faith efforts toward employing economically disadvantaged Baltimore County residents in newly created positions on applicable projects. These efforts are supported by Baltimore County’s workforce development system, a partnered network of business and economic development professionals, education and training providers, and human service agencies working together systematically to provide a ready supply of qualified workers to employers with hiring needs. The intent of First Source is to connect these individuals with new jobs that are generated by the County’s investment in contracts or public works; or by business activity that requires approval by the County’s Department of Economic and Workforce Development.

The goals of the First Source Hiring Agreement are to:

- Increase awareness of the resources, services and potential benefits available to help Baltimore County employers meet their workforce needs; and,
- Give economically disadvantaged individuals the first opportunity to apply for new jobs in Baltimore County.

Which businesses can participate in First Source Hiring?

1. Businesses who have leases with the County or on County property; or,
2. Businesses with County contracts for goods, services, and grants in excess of $100,000 which are projected to create new jobs/positions to fulfill contract terms

How can first source help your business?

Baltimore County Department of Economic & Workforce Development’s (DEWD’s) Business Services Team can help coordinate recruitment services with our workforce partners in collaboration with our three Baltimore County Career Center locations to assist with finding pre-screened, qualified candidates. Available services may include but are not limited to:

- Posting and promotion of employment opportunities through our network of service providers
- Access to diverse talent pools from within Baltimore County’s workforce system
- Access to Baltimore County Career Centers for coordinated recruitment/interviewing activities
- Referral of pre-screened, qualified candidates for employer consideration
- Assistance with using the Maryland Workforce Exchange - a statewide job database and candidate matching platform
- Information on earning tax credits and other employer benefits for new hires (if applicable)
I’d like to participate in First Source Hiring…Where do I start?

Step #1: Register your business with the [Maryland Workforce Exchange](#). This is an online database to track First Source Hiring job opportunities. As an employer, the Maryland Workforce Exchange can help you promote job openings, search for qualified candidates and share placement information.

Step #2: Businesses or non-profits who receive a non-construction or professional services contract from Baltimore County over $100,000 are required to project the number of job openings they expect during the contract period. After registering your business with [Maryland Workforce Exchange](#), complete the [First Source Hiring Description Form](#) and email it to the Baltimore County Department of Economic and Workforce Development (DEWD) at [firstsourcehire@baltimorecountymd.gov](mailto:firstsourcehire@baltimorecountymd.gov). If you have any questions about registering with MWE or completing the form, contact our office at 410-887-8000.

Step #3: Once you are registered in MWE and Baltimore County receives your [First Source Hiring Description Form](#) via email, you will be contacted by a member of the Business Development Team to assist with recruitment for your open positions.

Helpful Tips:
Businesses that qualify are asked to post their openings with Baltimore County’s First Source Hiring network of service providers, and offer the County the first opportunity to refer qualified candidates to those positions. While the agreement does not require an employer to hire a specific candidate, it does ask that employers make a good faith effort to hire referrals from the County’s workforce development system. We ask that employers would report basic information for any new hires by entering the placement data in the Maryland Workforce Exchange, or by completing an Employment Verification and Employer Survey Form (see FORM 2 attached) or via email at the completion of your recruitment activities.

1. GENERAL REQUIREMENTS

1.1 Coverages Required:
Unless otherwise required by the specifications or the contract, the Contractor/Vendor shall purchase and maintain the insurance coverages listed herein.

Insurance Companies must be acceptable to Baltimore County and have an A.M. Best Rating of A-, Class X or better.

1.2 Verification of Insurance:
Before starting work on the contract or prior to the execution of the Contract on those bid, the Contractor/Vendor shall provide Baltimore County, Maryland with verification of insurance coverage evidencing the required coverages.

1.3 Baltimore County as Additional Insured:
The coverage required, excluding Worker's Compensation and Employers' Liability and Medical Malpractice Liability/Errors and Omissions Liability, must include Baltimore County, Maryland as an additional insured.

1.4 Contractor's/Vendor's Responsibility:
The providing of any insurance herein does not relieve the Contractor/Vendor of any of the responsibilities or obligations the Contractor/Vendor has assumed in the contract or for which the Contractor/Vendor may be liable by law or otherwise.

1.5 Failure to Provide Insurance:
Failure to provide and continue in force the required insurance shall be deemed a material breach of the contract.

2. INSURANCE COVERAGES

2.1 General Liability Insurance
2.1.1 Minimum Limits of Coverage:
Personal Injury Liability and Property Damage Liability Combined Single Limit - $500,000 each occurrence

2.1.2 Such insurance shall protect the Contractor/Vendor from claims which may arise out of, or result from, the Contractor's/Vendor's operations under the contract, whether such operations be by the Contractor/Vendor, any subcontractor, anyone directly or indirectly employed by the Contractor/Vendor or Subcontractor, or anyone for whose acts any of the above may be liable.

2.1.3 Minimum Coverages to be Included:
(a) Independent Contractor's coverage;
(b) Completed Operations and Products Liability coverage; and
(c) Contractual Liability coverage.

2.1.4 Damages not to be Excluded:
Such insurance shall contain no exclusions applying to operations by the Contractor/Vendor or any Subcontractor in the performance of the Contract including but not limited to: (a) Collapse of, or structural injury to, any building or structure; (b) Damage to underground property; or (c) Damage arising out of blasting or explosion.

2.2 Automobile Liability Insurance

Employers' Liability insurance with limits of at least:
Bodily Injury by Accident - $500,000 each accident
Bodily Injury by Disease - $500,000 policy limit
Bodily Injury by Disease - $500,000 each employee

2.4 Other
Such other insurance in form and amount as may be customary for the type of business being undertaken by the Contractor/Vendor.
BALTIMORE COUNTY, MARYLAND
USE OF MINORITY BUSINESS ENTERPRISES AND WOMEN’S BUSINESS ENTERPRISES
IN
COUNTY CONTRACTS

PER TASK MBE/WBE Plan Package
Executive Order: Minority business enterprises and women business enterprises (MBE/WBE) shall have the maximum opportunity to participate in the performance of contracts financed in whole, or in certain circumstances, in part with County funds. Accordingly, on July 27, 2017, the County Executive adopted the EXECUTIVE ORDER No. 2017-003 addressing MBE/WBE participation in County contracts. The July 27, 2017 Executive Order may be found on the Baltimore County website at www.baltimorecountymd.gov/go/mwbe.

Each Contract: The County shall establish a minimum MBE/WBE participation amount for each contract, as applicable.

Bidder/Offeror Responsibility: The bidder/offeror shall ensure that MBE/WBE participation occurs in accordance with the contract requirements and the County Executive’s Executive Order. All bidder/offerors shall ensure that MBE/WBE have the maximum opportunity to compete for and perform County contracts, as applicable. Baltimore County, Maryland, and/or its bidder/offerors and contractors shall not discriminate on the basis of race, color, national origin, disability or sex in the award and performance of any County contract.

APPROVED MBE/WBE LISTINGS

Published compilations of approved and certified MBE/WBE, contractors, subcontractors, material suppliers, etc. include:

1. DIRECTORY OF MINORITY BUSINESS ENTERPRISE (MDOT):
   http://mbe.mdot.state.md.us/directory/search_select.asp

2. MINORITY BUSINESS DIRECTORY OF THE CITY OF BALTIMORE:
   http://cityservices.baltimorecity.gov/mwboo/

BIDDER/OFFEROR’S ACTIONS

Seeking Firms: The bidder/offeror will seek commitments by subcontract or otherwise from MBE/WBE firms for supplies and/or services, any combined value of which equals or exceeds the required percentage of MBE/WBE participation goal for the County contract. However a MBE/WBE Prime that affirms its MBE/WBE status on the Minority and/or Women Prime Participation Affidavit may count up to 50% of the goal.

Expenditures for Materials and Supplies: A bidder/offeror may count toward its MBE/WBE contract requirements, all expenditures for materials and supplies obtained from MBE/WBE suppliers and manufacturers, provided that the MBE/WBE assumes the actual and contractual responsibility for the provision of the materials and supplies.

Information to be supplied: All bidder/offerors shall submit the following information to the County at the time of bid submission:

1. The name of an employee designated as the bidder/offeror's liaison to the County's Minority Business Enterprise Unit.

2. The following forms shall be completed and submitted
   - Certified MBE/WBE Utilization and Fair Solicitation Affidavit (Form A); from among those names appearing in the Approved MBE/WBE Listings (excepting Federal Highway Administration projects, which exclusively require DBE approved and certified by the Maryland Department of Transportation Certification Committee);

   - A MBE/WBE Participation (Form B) completed and signed by the prime contractor and MBE/WBE for each MBE/WBE listed on the Form.
BALTIMORE COUNTY, MARYLAND
MBE/WBE PARTICIPATION SUMMARY

- A MBE/WBE Disclosure and Participation Statement (Form C) completed and signed by the prime contractor and MBE/WBE firms for each MBE/WBE listed on the Form. Form C must match what is stated on Form B.

- If applicable, MBE/WBE Subcontractor Unavailable Certificate (Form D) completed and signed by the prime contractor and MBE/WBE for each MBE/WBE listed on the Form.

3. If applicable, MBE/WBE Outreach Efforts - Compliance Statement (Form E) completed and signed by the Bidder/Offeror. The prime shall submit a list of all subcontractors.

4. For DPW contracts, if the bidder/offeror intends to fulfill the MBE/WBE requirements by use of a joint venture, he/she must submit a Joint Venture Disclosure Affidavit (Form D-EEO-006-A and B) showing the extent of MBE/WBE participation. If a bidder/offeror intends to use a MBE/WBE joint venture as a subcontractor to meet its MBE/WBE requirements, the affidavit must be submitted through the bidder/offeror by the proposed subcontractors and signed by all parties.

5. If the bidder/offeror’s proposed MBE/WBE participation does not meet the MBE/WBE contract requirements, information sufficient to demonstrate that the bidder/offeror has made every effort to meet the requirements must be submitted. (See DETERMINATION OF BID RESPONSIVENESS hereafter)

RECORDS AND REPORTS

Returning Records: The bidder/offeror must keep such records as are necessary to determine compliance with its MBE/WBE utilization requirements:

1. The MBE/WBE and non-minority contractors, type of work being performed, actual values of work and services.

2. Documentation of all correspondence, contacts, telephone calls, etc., to obtain MBE/WBE services for the contract.

3. All prime contractors and MBE/WBE sub-contractors are required to report monthly to the County through an online system called PRISM. If the contractor cannot submit his/her report on time, he/she will notify the County MBE/WBE office and request additional time to submit the report. Failure of the contractor to report in a timely manner may result in a finding of noncompliance. The County in its sole discretion and/or upon written request may require additional reports regarding MBE/WBE.

Retaining Records: All MBE/WBE records must be retained for 3 years following the expiration or any earlier termination of the contract and shall be available for inspection and photocopying by the County.

Investigation and Notification: Whenever the County believes the bidder/offeror, contractor, or any subcontractor may not be operating in compliance with the MBE/WBE requirements, the County may, in its sole discretion, conduct an investigation. If the County finds the bidder/offeror, contractor, or any subcontractor is not in compliance with the MBE/WBE requirements, the County may exercise any and all rights and remedies available to the County, under the contract, at law or equity, as deemed applicable and appropriate by the County in its sole discretion.

DETERMINATION OF BID RESPONSIVENESS

Request for Deviation: If the bidder/offeror is unable to procure from MBE/WBE firms (by subcontract or otherwise), supplies and services, any combined value of which equals the required percentage of the total value of the contract, the bidder/offeror may request, in writing, a deviation or waiver of the contract requirements. To obtain such a waiver, the bidder/offeror must submit the following information at the time bids are due:
The request for waiver request shall include (1) a signed unavailability statement (Form D) executed by all MBEs and WBEs that the bidder/offeror solicited for participation and (2) Outreach Efforts/Compliance Statement (Form E) that demonstrates the bidder/offeror's good faith efforts to comply with the contract requirements, including copies of solicitation documentation to all potential subcontractors:

Emails, letters, facsimile transmittals and confirmations containing plans, specifications, and anticipated time schedule for portions of the work to be performed and meeting notes and agendas clearly identifying the certified MBE or WBE classification and dates that the bidder/offeror contacted each MBE/WBE; and

Telephone logs containing names, addresses, dates, telephone numbers, work to be performed, anticipated time schedule and classification of certified MBEs and WBEs contacted.

**Bid Rejection:** The failure of any bidder/offeror (including the apparent low bidder/offeror) to provide a responsive MBE/WBE Plan as required by the solicitation may result in the bidder/offeror being deemed non-responsive and the County's rejection of the bid.

**Liquidated Damages** If the County issues a notice of intent to awards contract to the apparent low bidder/offeror who provided a responsive MBE/WBE Plan, but, if after said notice and before execution of Contract Documents, it is determined by the County that the apparent low bidder/offeror has failed to comply with the MBE/WBE Plan, such failure may result in the recommendation by the appropriate Procurement Official to annul the award and forfeit the bidder/offeror's Proposal Guaranty to the County, not as a penalty, but as liquidated damages, it being acknowledged that actual damages will be difficult if not impossible to accurately measure. In addition, the County may proceed as it determines to be in its best interest, including but not limited to, the Notice of Award may be made to the next lowest responsive and responsible bidder/offeror or the work may be re-advertised.

**Contract Breach:** If, after execution of a County contract, the contractor becomes aware it may or will fail to fulfill the applicable MBE/WBE requirements and/or may or will deviate from the contractor's bid response/contract terms, the contractor shall promptly advise the County of this in writing. Thereafter, the County will determine what action or remedy is appropriate on a case-by-case basis, in the County's sole discretion.

**Approval Required for Changes:** Any and all changes to the MBE/WBE subcontractors or the type or amount of work to be performed by such subcontractors during the contract term must be mutually agreeable to the County and the contractor and shall be documented via a contract amendment, executed by legally authorized representatives of the County and the contractor.

**Cooperation in Reviews:** The bidder/offeror will cooperate with the County in any reviews of the contractor's procedures and practices with respect to MBE or WBE firms, which the County may from time to time conduct in its sole discretion.

**Other:** If the documents used to determine the contractor's efforts, achievement of, and/or the status of an MBE/WBE requirement or fulfillment thereof contain false, misleading or misrepresented information, the contractor may be declared in breach of the contract and the County may take any and all actions and/or remedies available to the County under the contract, at law, or in equity. If an MBE/WBE is disqualified by any public entity, including but not limited to, Baltimore City, the State or MDOT, at any time after award or during the term of the contract, the County may, in its sole discretion, require the prime contractor to promptly submit for County approval, the contractor's plans for fulfilling the required MBE/WBE participation under the contract, and/or request such detail and additional information as the County, in its discretion deems appropriate.

  - ____% for certified MBE-owned businesses and/or
  - ____% for certified WBE-owned businesses.

I will make a good-faith effort to achieve this MBE/WBE requirement at the task order level. If awarded the contract, I will comply with this MBE/WBE contract requirement and will continue to use my best efforts to increase MBE/WBE participation during the contract term.

NOTE: ANY INCONSISTENCY BETWEEN THIS FORM AND FORM B MBE/WBE PARTICIPATION MAY RENDER A BID NON-RESPONSIVE AND THE COUNTY WILL NOT CONSIDER YOU FOR CONTRACT AWARD.

☐ Prime contractor intends to meet the ________% MBE/WBE contract requirements for this solicitation and contract. If awarded this contract, I will submit all subsequent forms at the task order level demonstrating the goal has been met of the good faith effort attempt.

I understand I must submit the following supporting documentation with each task order as assigned for review and approval prior to commencing work:

- MBE/WBE Participation Schedule (Form B)
- MBE/WBE Disclosure and Participation Statement (Form C)
- MBE/WBE Subcontractors Unavailable Certificate (Form D) (if applicable)
- MBE/WBE Outreach Efforts – Compliance Statement (Form E)
- Any other documentation in accordance with Section 6 (E) Bid Requirements of the attached Executive Order.

The solicitation process was conducted in such a manner so as to not place MBE/WBE subcontractors at a competitive disadvantage to non-MBE/WBE subcontractors.

I solemnly affirm under the penalties of perjury that this Affidavit is true to the best of my knowledge, information, and belief.

Subject: Compliance Reporting - Penalties  

Baltimore County, Maryland (the “County”) requires all Prime Contractors and all Subcontractors to submit monthly reports through an online MBE/WBE Compliance Portal (PRISM). The Portal can be found under Compliance Reporting for Primes and Subcontractors at www.baltimorecountymd.gov/go/mwbe.  

The County has found that a number of companies are failing to file reports in a timely manner, which makes it difficult for the County to verify compliance. As a result, the County has determined to assess penalties for non-compliance, effective September 1, 2018, as follows:  

(a) For failure to file timely monthly reports:  

(i) Assessment of a late fee of $10 per day per task, up to a maximum of $1,500 per task; and/or  

(ii) For multiple violations, termination of the contract for convenience or for default, with the contractor suspended from participating in County contracts for five (5) years.  

(b) For failure to meet MBE/WBE requirements:  

(i) Assessment of a penalty of up to 10% of the contract value; and/or  

(ii) Termination of the contract for convenience, with the contractor suspended from participating in County contracts for five (5) years together with assessment of a penalty of up to 10% of the contract value; and/or  

(iii) Termination of the contract for default together with assessment of a penalty of 10% of the contract value.  

Each action and/or remedy described above is at the sole discretion of the County, and is in addition to any damages which the County may be entitled to under the contract.
This short video can be used as guidance on submitting the Prime to Subcontractor Payment Reporting:
http://stage.prismcompliance.com/etc/movies/vendor_contractpayment_tutorial.htm

If after contract expiration it has been determined the MBE/WBE firms named were not used, or were under used, by the contractor and supporting documentation was not provided and approved by the County, the contractor may be assessed a penalty of up to 10% of the contract value and/or suspended from participating in County contracts for 5 years.

Questions regarding this correspondence and/or the use of this system can be directed to the MBE Office at mwbe@baltimorecountymd.gov or call (410) 887-3407.

REQUEST FOR BID

NO. B-1382
07/24/19, 2:15 PM
DEMOLITION SERVICES, ON-CALL, TERM CONTRACT

TO: BALTIMORE COUNTY, MARYLAND PURCHASING DIVISION
400 WASHINGTON AVE, ROOM 148
TOWSON, MARYLAND 21204-4665
BALTIMORE COUNTY, MARYLAND
REQUEST FOR BID NO. B-1382
DEMOLITION SERVICES, ON-CALL, TERM CONTRACT

GENERAL CONDITIONS

1. SCOPE.

1.1 It is the intention of these specifications that the vendor hereunder shall furnish and Baltimore County shall purchase demolition services, covered by this agreement which may be required during the period of time covered by this agreement. This contract is an on-call agreement for services on an as-needed basis. The quantities shown are approximate and are for the purpose of bid evaluation. Baltimore County reserves the right to order such services as may be required during the said period, and it also reserves the right not to order any services bid upon by the vendor, if it is found that such services are not required by the County during the period covered by this agreement.

1.2 Demolition services is identified as the demolition and removal of derelict property such as dwellings, apartment buildings, commercial buildings, garages, outbuildings, fences, sheds, roadways, curb and gutters, sidewalks, landscaping and brush, benches, walls, miscellaneous structures, and general trash and debris. Demolition services also requires the abandonment of public and private utilities such as water, sewer, electric, utility poles, transformers, cabinets, and pedestals, and fuel tanks and lines.

1.3 The work to be done under this contract includes, but is not limited to; the providing of all labor, materials, supervision, mobilization, equipment, fuel, equipment maintenance and repairs, services, incidentals, and related items necessary to complete the work in accordance with this specification and scope of work.

1.4 The County reserves the right to extend all of the terms, conditions, specifications, and unit or other prices of any contract resulting from this bid to any and all public bodies, subdivisions, school districts, community colleges, colleges, and universities including non-public schools. This is conditioned upon mutual agreement of all parties pursuant to special requirements which may be appended thereto. The supplier/contractor agrees to notify the issuing body of those entities that wish to use any contract resulting from this bid and will also provide usage information, which may be requested.

1.5 The County assumes no authority, liability or obligation, on behalf of any other public or non-public entity that may use any contract resulting from this bid. All purchases and payment transactions will be made directly between the contractor and the requesting entity. Any exceptions to this requirement must be specifically noted in the bid/proposal response.

2. TERM OF AGREEMENT.

2.1 The term of this contract shall be for one (1) year. Baltimore County reserves the right to renew this contract for up to four (4) additional one-year renewal options under the same terms and conditions. Baltimore County will automatically renew this contract on each option year unless notice is given to the vendor/contractor that the contract is not renewed.

2.2 If price adjustments are requested pursuant to the terms of the contract, the vendor/contractor must notify the Baltimore County Purchasing Division ninety (90) days prior to the current terms expiration date.
2.3 The Contractor must maintain the insurance coverages required by the County while the contract is in force, including automatic renewal terms, and shall provide documentation of such insurance in a form satisfactory to the County when required.

3. **METHOD OF AWARD.**

3.1 Award will be made on a total lump sum basis. In accordance with Sec. 10-2-406 of the Baltimore County Code, 2003, as amended, past performance of bidders in furnishing goods and services to Baltimore County will be considered in determining the award.

3.2 Bidders will be required to provide at least three (3) (names of contact persons and phone numbers) references of similar sized and scoped contracts during the past two (2) years.

4. **SMALL BUSINESS PURCHASE PROGRAM.**

4.1 This solicitation will be awarded based upon the tier process and will result in two (2) tiers. The County reserves the right to award to one (1) or more contractors per tier. Contractors shall bid on only one tier for which they wish to be considered.

   - Tier 1 – less than $10,000 per project
   - Tier 2 – greater or equal to $10,000 per project with a 20% MBE/WBE subcontracting goal per task for tasks of $25,000 and higher

4.1.1 This will be a two-step bid process, with work tasks to be assigned using one of the following methods. This initial process will identify unit prices for contract awards. After contract award, the County will prepared a Statement of Work (SOW) and requirements for a specific project. The SOW shall not provide any guarantee of award or work.

4.1.2 The SOW and specifications will be issued to all awarded on-call contractors under the award. A pre-proposal conference or site visit shall be conducted by County project managers to review the SOW and specifications.

4.1.3 Contractors shall submit sealed proposals by a specified date and time to the Office of Budget and Finance, Property Management Division. Award will be based on the lowest responsive and responsible proposal submitted for the specific project.

4.2 The assignment of work shall be at the sole discretion of Baltimore County. The County reserves the right to award individual jobs in its best interest, based on demonstrated areas of experience and expertise, or based on job location, or in the event the County deems a specific project to be an emergency.

4.3 It is the intention of Baltimore County to issue work equally to the contractors, however, the assignment of work shall be at the sole discretion of Baltimore County. Subject to, and without in any way enlarging or limiting the other provisions of the Contract, any claim of any contractor against the County for extra compensation or damages, arising out of assignment of work by the County, shall be deems to have been waived by both contractors.

4.4 The estimated quantities in the Proposal Section of the “Invitation to Bid” document represent the total volume of work for all contractors combined.

5. **PRICES.** Prices quoted must remain firm for the period covered by this contract, unless price escalation is herein specified. Prices quoted shall include delivery costs and charges.
6. **ESCALATION.**

6.1 For all unit prices except dumping charges:

6.1.1 All prices offered herein shall be firm against any increase for one (1) year from the effective date of the contract. Prior to commencement of subsequent renewal terms, the County may entertain a request for escalation in accordance with the current Consumer Price Index at the time of the request or up to a maximum 5% increase on the current pricing, whichever is lower.

6.1.2 For purposes of this section, “Consumer Price Index” shall mean the Consumer Price Index-All Urban Consumers-United States Average-All Items (CPI-U), as published by the United States Department of Labor, Bureau of Labor Statistics.

6.1.3 Baltimore County reserves the right to accept or reject the request for a price increase within fourteen (14) days. If the price increase is approved, the price will remain firm for 365 days from the date of the increase.

6.2 For all unit prices for dumping charges:

6.2.1 All prices offered herein shall be firm against any increase for one (1) year from the effective date of this proposed agreement. Prior to commencement of subsequent renewal terms, the County will entertain a request for escalation. Increases shall be limited to the actual cost increase to the contractor and the contractor shall furnish bona-fide documents reflecting the dumping charge increase. Baltimore County reserves the right to accept or reject the request for a price increase within fourteen (14) days.

7. **MATERIALS, WORKMANSHIP, PERMITS, LICENSES, INSPECTIONS**

7.1 With regard to this contract, the Property Management Division Manager (PMDM) or his designated representative will determine acceptability of all work and/or services performed. If the work and/or services are not acceptable, the Contractor will be called in to review and correct all problem areas without additional cost to the County. Upon notification by the PMDM or his designated representative, the Contractor will effect repairs to deficient work and/or services in accordance with a schedule jointly agreed upon.

7.2 The County reserves the right to make unannounced periodic inspections of the work in progress. Contractor shall contact the Property Management Division prior to beginning work at 410-887-2578.

7.3 Permits, licenses, and taxes shall be the responsibility of the Contractor at no additional cost to the County. The Contractor shall secure and pay for any and all permits incidental to, requested or required by any Baltimore County code or regulation, including Razing Permits.

7.4 Contractor shall provide a complete, workmanlike, well executed job in accordance with these specifications and all applicable national and local codes. Any additional code requirements requested by Baltimore County shall be noted within. In cases of conflict between requirements; that requirement which is in compliance with all applicable codes and which is also, in the opinion of Baltimore County, more advantageous to Baltimore County, shall govern.
7.5 It is conditioned that the Contractor complies in all respects with the terms, conditions, and obligations of the agreement and his/her obligations thereunder including the specifications. In cases where delays are clearly not the Contractor’s responsibility (such as scheduling inspections and the like), the Contractor is responsible for notifying the Property Management Division for explanation of procedures.

7.6 The Contractor must investigate and report on any complaints that might arise in connection with the use of his/her material and supplies. The Contractor must be prepared to furnish engineering services when requested.

7.7 Baltimore County reserves the right to extend the terms and conditions of this contract to any and all other County agencies requiring these commodities and/or services. A delivery order will be issued against the original master agreement, confirming the contracted pricing and giving quantity and delivery requirements.

8. **GUARANTEES.** All work performed under this contract shall be unconditionally guaranteed for a minimum period of one (1) year from the date of acceptance of the work by the County against any and all defects in materials, workmanship, and installation.

9. **INQUIRIES.** Any inquiries relative to this bid should be directed to Kathy Madary, the Buyer, at 410-887-3888.

10. **CONTRACT DELIVERY ORDERS.** The County reserves the right to solicit bids on the open market when the contractor’s proposal for any work is $25,000.00 or greater. For proposals under $25,000.00, if approved by the Purchasing Agent, or their authorized representatives, the contractor will be issued a Delivery Order against the original Master Agreement.

11. **INSURANCE.**

   11.1 The Contractor will be required to provide verification of insurance coverage to include Endorsement Page(s) for each carrier in accordance with the attached requirements. The Contractor will have fifteen (15) calendar days from receipt of notice of intent to award in which to comply with this requirement, excluding County holidays and non-work days, if applicable.

   11.2 The Insurer must maintain the insurance coverage required by the County while the contract is in force, including renewal terms, and shall provide documentation of such insurance in a form satisfactory to the County when required.

   11.3 In the event the Contractor changes its insurance carrier, new verification of insurance coverage and Endorsement Page(s) must be provided to the County by the new insurance carrier within ten (10) days of the change of policy.

12. **INVOICES.**

   12.1 Daily work tickets, detailing the quantity of work performed under the payment unit of measure, must accompany all invoices. For dumping charges, the Contractor must include copies of the landfill scale tickets, both light and heavy. Invoices must be legibly prepared showing the full description of all work performed and the unit price for each payment unit of measure. Authorization to pay invoices will be given by the PMDM, or his authorized representative, prior to payment of invoices. Invoices must be submitted in duplicate on a monthly basis to the Office of Finance, Disbursements Section, Courthouse, Room 148, 400 Washington Avenue, Towson, MD 21204. A copy of each invoice must be submitted to the Engineer. Charges for late payment of invoices is prohibited. Cash discount periods will be computed either from the date of delivery and acceptance of the goods ordered, or
the date of receipt of correct and proper invoices prepared in accordance with terms of
Baltimore County’s order, whichever date is later. Under no circumstances will interest
by paid.

12.2 Baltimore County may withhold, or on account of subsequently discovered evidence,
nullify the whole or a part of any payment to such extent as may be necessary to protect
the County from loss on account of:

12.2.1 Defective work not remedied.

12.2.2 Claims filed or reasonable evidence indicating probable filing of claims, by parties
other than the Contractor.

12.2.3 Failure of the Contractor to make payments properly to subcontractors or for
material or labor.

12.2.4 A reasonable doubt that the Contract can be completed for the balance then
unpaid.

12.2.5 Damage to another Contractor.

12.2.6 Failure of the Contractor to submit data required within the time limits stated in the
Contract Documents. When the above grounds are removed, payment shall be
made for amounts withheld because of them.

13. LIENS. Neither the final payment nor any part of the retained percentage shall become due until
the Contractor shall deliver to the County a complete release of all liens arising out of this
Contract, or receipts in full in lieu thereof and, in either case, an affidavit that so far as he has
knowledge or information the releases and receipts include all the labor and material for which a
lien could be filed, but contractor may, if any subcontractor refuses to furnish a release or receipt
in full, furnish a bond satisfactory to the County, to indemnify him against any lien. If any lien
remain unsatisfied after all payments are made, the Contractor shall refund the County all monies
that the latter may be compelled to pay in discharging such a lien, including all costs and
reasonable attorney’s fee.

14. CORRECTION OF WORK AFTER FINAL PAYMENT. Neither the final certificate nor payment
nor any provision in the Contract Documents shall relieve the Contractor of responsibility for faulty
materials and workmanship. Unless otherwise specified, he/she shall remedy any defects and
pay for any damage to other work resulting therefrom, which shall appear within the guarantee
period. The County shall give notice to observed defects with reasonable promptness.

15. MINORITY Business Enterprise AND WOMEN BUSINESS ENTERPRISE (MBE/WBE)
REQUIREMENTS. The resulting minority and women business participation requirement for this
contract is 20% on tasks $25,000 and up.

15.1 Each Prime must comply with all MBE/WBE participation requirements. Included with this
solicitation package are copies of the County’s M/WBE policy and provisions and M/WBE
participation schedule forms. Form A-1 must be completed, executed, and returned with
the bid or proposal if a goal has been assigned. MBE/WBE participation forms are
available online at www.baltimorecountymd.gov/go/mwbe or you may contact the buyer on
the solicitation. Forms B-1, C-1, D-1 and E-1 must be submitted along with the bid for the
applicable assigned task.

15.2 MBE/WBE participation levels are to be met with respect to each assigned task unless a
waiver is granted by the County for good cause shown.
15.3 The Prime shall make a genuine good faith effort to comply with the Baltimore County MBE/WBE participation goal: even if the Prime has the capability to complete the work with its own workforce. The selected MBE/WBE subcontractor(s) must perform a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. However, the percentage requirement may vary on a contract-by-contract basis. Certified Minority-owned or Certified Women-owned Primes may count their participation for up to 50% of the solicitation goal. Certified firms must make a good faith effort to obtain MBE/WBE participation of the remaining portion of the goal. Example: 20% MBE/WBE participation goal. Certified Minority-owned or Certified Women-owned firm bidding as the prime may count for 10% of the goal provided they self-performing the work. The remaining 10% must be subcontracted to a MDOT and/or City of Baltimore certified firm.

15.4 All primes and MBE/WBE sub-contractors are required to report monthly to the County through an online MBE/WBE Compliance Portal (PRISM). The portal can be found under Compliance Reporting for Prime and Sub-Contractors at www.baltimorecountymd.gov/go/mwbe. The Prime must provide a contact person and contact information for the MBE/WBE compliance reporting. If the Prime cannot submit his/her report on time, he/she will notify the County MBE/WBE office and request additional time to submit the report. Failure of the report in a timely manner may result in a finding of noncompliance. The County in its sole discretion may require additional reports regarding MBE/WBE. Questions regarding the use of this system can be directed to the MBE Office at mwbe@baltimorecountymd.gov or call 410-887-3407.

16. CONTRACT APPROVAL.

16.1 The Baltimore County Council must approve and sign the contract resulting from this solicitation. This process typically takes six weeks from the date the successful contractor is identified. In order to keep the procurement moving, a sample standard contract is attached for review as part of this solicitation. Exceptions, if any, to the County’s standard contract must be noted in your proposal submission to be considered during evaluation of the bids or proposals. Exceptions to the County’s standard contract may result in rejection of your bid or proposal.

17. UTILIZATION OF BALTIMORE COUNTY’S DEPARTMENT OF ECONOMIC AND WORKFORCE DEVELOPMENT.

17.1 Baltimore County’s First Source Hiring Agreement requires that developers, contractors, and employers utilize good faith efforts toward employing economically disadvantaged Baltimore County residents in newly created positions on applicable projects. These efforts are supported by Baltimore County’s workforce development system, a partnered network of business and economic development professionals, education and training providers, and human service agencies working together systematically to provide a ready supply of qualified workers to employers with hiring needs.

17.2 The Contractor may use Baltimore County’s Department of Economic and Workforce Development as a “First Source” for training and recruitment of employees. To utilize “First Source” the Contractor/vendor may notify the Department of Economic and Workforce Development of employment opportunities to present qualified candidates to the Contractor/vendor for consideration. The Contractor/vendor may use reasonable efforts to consider qualified Baltimore County residents who are either unemployed or under-employed for all available positions. For additional information call 410-887-8000 or visit:
18. **ECONOMIC BENEFIT FACTOR.**

18.1 Examples of economic benefits to be derived from a contract shall include any, but not limited to, the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

18.1.1 The number and types of jobs for Baltimore County and/or Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;

18.1.2 Subcontract dollars committed to Baltimore County and/or Maryland minority-owned and women-owned businesses; and

18.1.3 Other benefits to the Baltimore County and/or Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Baltimore County and/or Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

18.2 Social Responsibility

18.2.1 Provide your firm’s policies with regards to the commitment to social responsibility. Submit examples. Include any examples in the Baltimore County vicinity.

19. **“SAMPLE” FORM CONTRACT**

19.1 A sample of the County’s form contract may be found on the Baltimore County website at [http://www.baltimorecountymd.gov/Agencies/budfin/purchasing/currentsolicitations.html](http://www.baltimorecountymd.gov/Agencies/budfin/purchasing/currentsolicitations.html). The vendor’s submission of a bid response without identifying exceptions expressly acknowledges and formally evidences the Offeror’s acceptance of all terms and conditions of the form contract. Any and all exceptions must be submitted in writing in the Offeror’s bid response.

19.2 If the Offeror submits an exception, which alters the County’s risk, liability, exposure in, or the intent of this procurement, the County reserves the right in its’ sole and absolute discretion to deem the vendor non-responsive.

19.3 All Offeror’s further understand and agree that the County will accept no vendor exceptions to the form contract at any time after submission of the bid response.

20. **ELECTRONIC VERSION SUBMITTAL**

20.1 In accordance with the General Instructions for Solicitations, #1.9, Instructions, Forms and Specifications, responses to Requests for Bids and Requests for Proposals shall be accompanied by an electronic version (CD) of the bid proposal in PDF format. The CD must be labeled with the bid number, the bid title, and the bidders’ name submitting the response. All bids must be submitted in a sealed envelope or carton as appropriate. This does not apply to Requests for Quotations.
1. LOCATION OF WORK AND EXISTING CONDITIONS. The work sites are located at various County locations within the boundaries of Baltimore County, Maryland.

2. PRE-BID CONFERENCE.

2.1 A pre-bid conference will be held on Wednesday, July 10, 2019, at 11:00 a.m. in the Purchasing Division, Courthouse, 400 Washington Avenue, Room 148, Towson, MD 21204. The purpose of the conference is to clarify any parts of the solicitation and answer questions, which may be pertinent to the request.

2.2 Any significant changes to the solicitation as a result of the discussions at the pre-bid conference will be posted on the web site at: www.baltimorecountymd.gov/purchasing.

3. WORK HOURS, DELIVERY OF EQUIPMENT AND MATERIALS, PROPERTY PROTECTION.

3.1 It shall be the Contractors’ responsibility to see that all equipment, tools, and materials are delivered within or adjacent to the area of work as specified by the County.

3.2 All work shall be performed between the hours of 7:00 A.M. – 5:00 P.M., Monday through Friday. Weekends and the following holidays are excluded:

- New Year’s Day
- Labor Day
- Memorial Day
- Thanksgiving Day
- Independence Day
- Christmas Day

3.3 The work described in this specification shall be done with the least inconvenience to Baltimore County Government. Vehicle must have egress capabilities at all times. The amount of time that normal operations are interrupted must be kept to an absolute minimum and shall be coordinated with the user agency at 410-887-2578.

3.4 The Contractor is responsible to protect all existing and newly installed work, materials, equipment, improvements, utilities, structures, and vegetation at all times during the course of this contract. Any property or incidentals damage during the course of this contract shall be repaired or replaced to the satisfaction of the PMDM or his designated representative, and the user agency.

4. CHANGES TO THE CONTRACT. The Contractor will notify the PMDM or his designated representative immediately by telephone of any unexpected emergency, subsurface or latent physical condition found; along with the recommendations for dealing with the matter. Any changes found necessary by the County or the Contractor not covered under the original scope of work, specification or drawing(s) shall be jointly agreed upon by the Contractor and the County. Any additional cost on the project must be submitted in writing by the Contractor and an amendment to the purchase order will be issued by the Purchasing Agent covering the change(s) before the work can proceed. The County assumes no responsibility for oral instructions or suggestions. All official correspondence in regard to the specifications should be directed to, and will be issued by the Purchasing Agent.

5. DEMOLITION AND DEBRIS REMOVAL. The Contractor shall be responsible to remove all their debris from the site and clean effected work areas. The Contractor shall keep the premises free of
debris and unusable materials resulting from their work and as work progresses; or upon request by a Baltimore County representative, shall remove such debris and materials from County property. The Contractor shall leave all affected areas as they were prior to beginning work.

6. **UTILITIES.** Baltimore County shall make available all required utilities to the Contractor for work under this contract. This however does not include those utilities to be installed by the Contractor as a part of the scope of work or specification. Accidental interruption(s) caused by the Contractor and repair thereto, shall be at the Contractor’s expense. Planned interruptions under this contract shall be coordinated with the PMDM, or his authorized representative, for approval prior to use on any job under this contract.

7. **POTENTIALLY HAZARDOUS MATERIALS.** If the work to be performed under this contract requires the use of any product which contains any ingredient that could be hazardous or injurious to a person’s health, a Material Safety Data Sheet (MSDS) must be submitted with their bid at the time of the bid opening. The extent of use of the hazardous material may be a factor in the award of the contract.

8. **MATERIALS AND INSTALLATION.**

   8.1 It shall be the sole responsibility of the Contractor performing services for this contract to safeguard their own materials, tools, and equipment. Baltimore County shall not assume any responsibility for vandalism and/or theft of materials, tools, and/or equipment.

   8.2 All work shall be done in a safe manner and comply with all governing regulations concerning safety. This shall include, but not be limited to OSHA, MOSHA, etc. Adequate barricades shall be erected and maintained all around areas where equipment and materials are stored and used. All work being performed for and/or on Baltimore County property shall fully conform to all local, state, and Federal safety regulations. The Contractor is solely responsible for contacting Miss Utility to identify all underground utilities, electrical power and communications (phone and data) lines and cables, and water and sewer lines. If the Contractor wishes to have temporary toilet facilities on site they shall comply with all County and State Health Department requirements. All toilet facilities shall be chemical holding tank type.

   8.3 The Contractor shall obtain the permission of the Baltimore County representative regarding any needed storage of materials and equipment. Such storage shall be done in such a manner as not to interfere with the building schedule. Contractor shall be held responsible for any and all accidents caused by negligence from this source. The County institution does not accept responsibility for losses of material or equipment regardless of approval to store in any of the County’s facilities or grounds.

   8.4 The PMDM, or his authorized representative shall contact the Contractor when there are derelict building(s) and/or structure(s) to be razed. The Contractor has twenty-four (24) hours to report to the work site. The Contractor shall review the job with the PMDM, or his authorized representative, and prepare a written estimate based on the items of work. This estimate shall be submitted to the PMDM, or his authorized representative within seventy-two (72) hours. After review and approval of the estimate, the Purchasing Division shall issue a contract release order against the contract for the job.

   8.5 The Contractor shall have five (5) calendar days to apply for all permits associated with the job after issuance of the contract release order for that job. The Contractor shall mobilize on the job site within ten (10) calendar days after issuance of the Razing Permit and begin work.
8.6 The Contractor cannot sub-contract all or any portion of the work assigned under this agreement. All work must be performed by the Contractor’s razing and earth moving work forces. The Contractor may sub-contract for work not within the trade contracted by this contract (i.e. asbestos and lead abatement, hazardous waste removal and disposal, fuel storage tank removal and disposal) or to achieve M/WBE subcontracting. For these services, sub-contracting is allowed and the Contractor must bind the sub-contractors by the same terms, conditions, responsibilities, and obligations assumed by said Contractor to the County.

8.7 The Contractors’ invoice shall clearly state actual quantities for each pay item used on the job, a complete description of work performed, location, and date. Accompanying their invoices the Contractors must also include copies of all daily work orders listing each pay item and the quantity used for that day. The original work orders must be two-copied and must be signed by the Baltimore County contact person at the job site. One copy should be given to that contact person and one retained for the contractor's files. The contractor's mechanics shall sign-in and sign-out on their work orders showing actual time of signing. All equipment and all sub-contracting services used on the job shall be listed on the work order. In most cases, Baltimore County will provide the Contractor with blank work order forms at each job site. At any work sites where the County does not supply the blank work order forms, the Contractor must provide these work order forms.

8.8 If the Contractor foresees that he/she is going to exceed the original estimate, he/she must notify the PMDM, or his authorized representative, for approval in order to proceed on the additional work. The County shall not pay for additional work if the Contractor performs the work without the County's approval.

8.9 All work shall be measured and paid on a time and materials basis. Included in the labor rates are small tools, powered and non-powered. For purposes of definition, equipment and tools, with a new cost of $2,500.00 or less shall be considered small tools. Except for the pay items covering demolition equipment mobilization shall be incidental to the other pay items. If any special equipment, with a new cost of $2,500.00 or greater, is needed for a job that equipment shall be paid for by the hour using the “Rental Rate Blue Book for Construction Equipment, Volume 2” as by the machinery Information Division of K-111 Directory Corp., latest edition.

The rating formula to be used is as follows:

Weekly hourly rental rate for equipment and applicable attachments (weekly rate divided by 40) + regional map adjustments + estimated operating cost per hour. Overhead and profit, fuel, repairs, oil, vital fluids, maintenance, incidentals and all items of cost required for full operation of the equipment are pre-calculated in the Blue Book rating system. Only one hourly rate applies.

9. **TEMPORARY SUSPENSION OF WORK**

9.1 During the progress of any work, the Contractor may suspend work via written permission of the PMDM, or his designated representative, wholly or in part, for such period or periods as the Chief of Building Services may deem necessary, due to unsuitable weather, or such other conditions as are considered unfavorable for the suitable prosecution of the work. If it should become necessary to stop work for an indefinite period, the Contractor shall store all materials in such manner that they will not obstruct or impeded the public unnecessarily, nor become damaged in any way, and they shall take every precaution to prevent damage or deterioration of the work performed. When conditions warrant resumption of work on the project, the Contractor shall notify the PMDM, or his designated representative, twenty-four (24) hours in advance and shall proceed with the work only
when and if authority is granted by the PMDM, or his designated representative. Any work performed without approval by the PMDM, or his designated representative, will be at the Contractor's risk, and he shall be held liable for removal of any such work.

10. REFERENCE SPECIFICATIONS OR STANDARDS.

10.1 Various standards and specifications are incorporated in the technical sections of these specifications by reference. In all such instances the reference shall mean the latest editions, including amendment or revision in effect as of the date of these specifications, unless a specific issue is identified otherwise.

10.2 In the event that referenced specifications or standards contained in general requirements are in conflict with the general or special conditions, the scope of work of individual sections of these specifications shall govern.

10.3 A list of organizations publishing specifications or standards normally referenced in technical sections of these specifications, together with the official abbreviation therefore follows:

10.3.1 AASHTO American Association of State Highway and Transportation Officials.
10.3.2 AIA American Institute of Architects

11. DEMOLITION WORK.

11.1 General Requirements

11.1.1 Inspect job site prior to bidding to verify size, location, thickness, material, height, of items shown to be removed.

11.1.2 Protection of public is required. Fences, barricades, temporary lighting, etc. shall be employed as directed by architect and/or owner.

11.1.3 Debris will not be allowed on the job site. All elements shall be disposed of offsite at the end of each work week.

11.1.4 Prevent dusting by wetting down materials.
11.1.5 Contact utility company or local governmental authority when sewer, water, gas and electric service is to be terminated or changed.

11.1.6 Piping/mechanical/electrical work shall be disconnected by licensed personnel.

11.2 The Contractor shall demolish and remove completely, all material and debris contained thereon from the premises, including, where applicable, fencing, out-buildings, driveways, sidewalks, over growth of vegetation, brush, miscellaneous structures, all junk, trash, debris, etc., and shall not bury any material or debris in the foundations or on the property other than stone or cementitious material. The building must be demolished. Removing the building from the foundation in its entirety, or in sections, would be a violation of this contract and sufficient cause for termination as a remedy for default.

11.3 If applicable, the Contractor must remove foundations one (1) foot below ground level and break up any remaining floor slab. All rock, concrete slabs and masonry shall be disposed of 3 or more feet below finished grade, in wide trenches, evenly distributed in layers with all voids of the previous layer filled completely before another layer is placed. The Property Management Division Manager or his designated representative, shall approve all rock placement areas. Top surface of rock, etc. shall be kept at least two feet below sub-grade of lawn areas. If requested by the Property Management Division Manager, or his designated representative, clearing shall consist of removal from surface, of existing trees not marked to remain, shrubs, brush, down timber, rotten wood, heavy growth of grass and weeds, vines, rubbish, structures and other objectionable debris. Grubbing shall consist of removal from the ground of all stumps, roots, root mats and stubs, buried logs and other debris. No stumps whatever shall remain under paved areas, or within or adjacent to structures.

11.4 Baltimore County shall not accept debris at county-owned landfills. The Contractor shall be responsible for the disposal of all debris at licensed landfills, and shall supply Baltimore County with copies of their landfill permits.

11.5 Backfilling

11.5.1 All excavations and disturbed areas shall be backfilled with clear fill dirt to existing ground level, compacted and graded for proper drainage of surface water. The grading shall be performed in a professional manner, leaving all areas free of depressions, ruts, and debris.

11.5.2 Compaction Testing: Contractor will retain and pay for the services of a testing laboratory and soils engineer for the purpose of testing and reporting as to whether compaction requirements have been fulfilled. Soils Engineer will provide written certification that site was filled with accepted material in accordance with specifications and will give a professional opinion regarding shrinkage or settlement of fill and safe load bearing capacity of fill. Contractor shall provide access to all fill areas and shall cooperate with testing laboratory in scheduling and providing proper field tests. All work specified under this section shall be performed in accordance with methods approved by the Soils Engineer. The Contractor shall notify the Soils Engineer 24 hours before the beginning of work and 24 hours before resumption of work. There shall be a responsible representative of the Contractor with whom the Soils Engineer may discuss details of the work at the site at all times while work is in progress. Selection of the Soils Engineer is subject to approval of the Architect.
11.5.3 Fill Materials

11.5.3.1 All site soils, except materials to be removed in clearing and stripping as specified may be used as fill materials, subject to direction of the soils engineer.

11.5.3.2 Import Materials: Granular, free of organic matter, deleterious substances and rocks or lumps over 4 inches in diameter, readily compacted without excess voids or excessive shrinkage or swelling when subject to change in water content. Backfill to be compacted by rolling and vibration shall have the following grading:

A. Passing No. 4 Sieve – 100%
B. Passing No. 200 Sieve – up to 7% finer than 5 microns – 2%

11.5.3.3 Porous fill shall be: Gravel or crushed rock with sand. Clean, hard durable, free from organic or other deleterious materials. Grading of porous wall fill shall be as follows: Sieve standard.

A. 1 ½ to 1 inch, 100%
B. ¾ inch, 65 to 100%
C. 3/8 inch, 50 to 95%
D. #4, 35 to 80%

11.5.4 Compaction Requirements

11.5.4.1 Reference Test: Compacted density will be referenced to the maximum dry density determined standard proctor test, AASHTO T99.

11.5.4.2 Entire fill and backfill under paving or within or adjacent to structures 95% of the maximum dry density determined by standard proctor test, AASHTO T99.

11.5.5 Rough Excavations

11.5.5.1 Make all cuts in long, uniform passes. Shore and brace cut slopes as required for safety of all persons and adjacent properties.

11.5.5.2 Scarify sub-grades in cuts under buildings and paving to a depth of 6 inches. Add water to scarified surface to bring to optimum moisture content and compact as specified for fill. Areas meeting compaction requirements need not receive this treatment.

11.5.6 Engineered Fill

11.5.6.1 Preparation: Step or bench level all slopes steeper than 6:1 (Horizontal: Vertical) on which fill is to be placed. Scarify areas to be filled to a depth of 6 inches. Add water to bring scarified surfaces to optimum moisture content and compact as specified for fill.

11.5.6.2 Placing and Compacting: Spread and thoroughly mix fill material in uniform lifts not to exceed 8 inches by loose depth measurement. Material containing less than optimum moisture shall be sprinkled with water and water shall be thoroughly mixed with soil by blending or discing before compacting. Material containing excess water shall be
allowed to dry uniformly to optimum moisture content before compacting. Compact each lift of fill to uniform density throughout. Place no stones or rocks larger than 4” placed in upper 1” of fill. No stones or rock shall be nested. Larger stones may be placed in fills under directions of soils engineer.

11.5.6.3 Seasonal limits: No fill material shall be placed or rolled while ground is frozen or thawing or during unfavorable weather conditions. When work is interrupted by heavy rain, fill operations shall not be resumed until field tests by soils engineer indicates that moisture content and density of fill are satisfactory.

11.5.6.4 Supervision by soils engineer shall be made during fill and compacting operations so that he can certify fill was made in accordance with these specifications. All fills and backfills within or adjacent to building and under paved areas shall be executed under direct supervision of the soils engineer, and no progress payments will be made for this work without soils engineer certification that compaction requirements have been met.

11.5.7 Dust Control

11.5.7.1 All necessary precautions, including watering, shall be taken to control air-borne dust so that no nuisance may be created. In event of complaint, such action shall be taken as directed by the architect to within reasonable limits.

11.6 All disturbed areas shall then be provided with a 2” quality topsoil covering and raked smooth with appropriate landscaping equipment. Immediately apply a fast germinating grass seed mixture at the rate of one (1) pound per 200 sq. ft.; uniformly mulch all seeded areas with unweathered grain straw at the rate of two (2) tons/acre. Mulch material must adequately cover the entire disturbed and seeded area. Hydroseeding with fiber mulch is acceptable.

11.7 Approval for payment shall not be received until satisfactory germination has been observed. The Contractor may be required to return to the site for additional seeding until a complete ground cover has been achieved. During the winter months (October 1st – March 31st) the Contractor may be required to postpone final raking and seeding until April 1st, in order to promote proper germination. All jobs delayed for seeding will be approved for 90% payment upon satisfactory grading. If significant settling occurs within one (1) year, due to insufficient compacting of fill, the Contractor will be required to return and perform additional grading.

11.8 The Contractor shall notify all private utility companies, including but not limited to the Baltimore Gas and Electric Company and Verizon, to have all services shut off and/or removed. The Contractor shall also notify the meter accounts division of the Bureau of Water and Waste Water of Baltimore City (410) 896-0281, for turning off the water supply. The Contractor is to have all private utility services removed and unless otherwise provided, sewer connections plugged and water turned off before starting any demolition. The Contractor will be required to obtain the services of a registered master plumber who must obtain a permit to cap off the sewer at the property line form the Department of Permits and Development Management. The plumber will be required to pay the appropriate plumbing permit fee. The Contractor shall be required to obtain a Razing Permit from the Department of Permits and Development Management before the start of any work.
11.9 Prior to issuance of the Razing Permit, the Baltimore County Department of Environmental Protection and Resource Management may inspect the property, and if they find any evidence of rat infestation, the Contractor shall be responsible for obtaining an exterminator licensed by the State of Maryland, Department of Agriculture, to exterminate the rats in compliance with State regulations.

11.10 It shall be the responsibility of the Contractor to see that work under this contract is planned and conducted such that operation of the County’s drain system will not be affected. The Contractor shall not allow sediment or residue originating from the site to accumulate on the public roads or any adjacent property. If any silt does enter adjacent property, it shall be the responsibility of the Contractor to adhere to the standards and specifications for soil and erosion, sediment control as approved and adopted by the Water Resources Administration of Maryland, Department of Natural Resources and the Baltimore County Grading and Sediment Control ordinances. Sediment Control devices, if required by the Sediment Control Division, will be the responsibility of the Contractor. The Contractor shall be responsible for filling any open wells or septic tanks located on the site in compliance with the Department of Environmental Protection and Resource Management regulations.

11.11 The Contractor shall not disturb or trespass on adjacent private property.

11.12 Care shall be taken not to damage existing trees on the property unless the Contractor is directed to clear and grub by the County. A penalty of $250.00 will be imposed for each tree that is visibly damaged during the demolition operation. Excluded from this provision are trees that must be removed to provide access to the dwelling.

11.13 Well Abandonment Regulations

11.13.1 Any well abandoned shall be sealed only by a well driller licensed by the Maryland State Board of Well Drillers or under the supervision of a master well driller or a representative of the Department or Approving Authority.

11.13.2 Abandonment Approval - When the Department or Approving Authority has reason to believe on the basis of local conditions that abandonment of a well necessitates close supervision, it may require the submission of sealing plans and specifications for approval before abandonment operations.

11.13.3 Reports on the Abandonment of Wells - When a well is abandoned, the person abandoning it, or the owner, shall notify the Approving Authority of this action by completing an Abandoned Well Report form provided by the Approving Authority. This report shall be submitted not later than 30 days after abandonment of the well or test hold.

11.14 Location and Protection of Existing Utilities

11.14.1 It shall be the responsibility of the Contractor to verify or to determine the location of all underground utilities and structures in the immediate vicinity of his operations which are to remain and to exercise all due precautions to prevent damage to them. Should any damage to utilities or structures occur as a result of the Contractor’s operations, the Contractor shall, at his own expense, restore condition which existed before damage occurred.
11.15 Adjustment of Existing Utilities

11.15.1 The Contractor shall arrange with all agencies and all utility companies to have all manholes or other utility facilities which are to remain adjusted to conform to new conditions required by this contract.

11.16 Clean-up of Work Site

11.16.1 Premises and Site – Remove all trash, debris, and surplus excavation dirt. No items shall be left or discarded elsewhere on the site or on any other owner's sites. Items that will be discarded shall be removed to authorized public dumps. Leave premises provided for owner’s use.

11.16.2 Paving – Remove mud, dirt, and trash and hose down as required.

12. HAZARDOUS WASTE ABATEMENT AND DISPOSAL REGULATIONS

12.1 As new and revised regulations are published by governmental authorities, they become a part of this specification at the time of their effective date. All hazardous materials abatement packaging, transport, and disposal must be performed in strict compliance with all applicable local, state, and federal regulations, latest edition. The Contractor must maintain all licenses and certifications, in accordance with these regulations, which must be current for the entire term of this agreement.

13. ASBESTOS ABATEMENT WORK

13.1 Reference Standards

13.1.1 Federal Standards, latest editions

13.1.1.3 Clean Air Act, as amended Public Law 91-604 (84 Stat. 1676).

13.1.2 American National Standard Institute (ANSI)

13.1.3 Department of Health, Education and Welfare (DHEW)/National Institute for Occupational Safety and Health (NIOSH) Publications:

13.1.4 State of Maryland Department of Mental Hygiene Regulations:

13.1.4.1 COMAR, TITLE 10, Subtitle 18, Chapter 15, Toxic Air Pollutants and COMAR, TITLE 10, Subtitle 18, Chapter 23, License to Remove or Encapsulate Asbestos.

13.2 Submittals

13.2.1 Proof that the Contractor has been licensed and certified by the State of Maryland for asbestos removal. All licenses and certifications must be current.

13.2.2 Proof that employees have had instruction on the dangers of asbestos exposure, respirator use, decontamination, and OSHA regulations.

13.2.3 Written procedures for evacuation of injured workers. Aid for a seriously injured worker will not be delayed for reasons of decontamination.

13.2.4 Proof that all required permits, site location, and arrangements for transport and disposal of asbestos containing contaminated materials, supplies, and the like have been obtained.

13.2.5 A description of plans for construction of decontamination enclosure systems and for isolation of work areas in compliance with this specification and applicable regulations.

13.3 Posting OSHA Regulations

13.3.1 The Contractor shall have at all times in his possession at his office (one copy) and in view at the job site (one copy), OSHA regulation 1910.1001, Asbestos, and Environmental Protection Agency 40 CFR part 61, Subpart B: National Emission Standards for asbestos, asbestos stripping work practices, and disposal of asbestos waste.

13.4 Worker’s Dress & Equipment for Asbestos Removal

13.4.1 Work clothes shall consist of full body coverall, disposable head covers, boots, or sneakers, and respiratory protective equipment as required by OSHA regulations. Eye protection and hard hats should be available as appropriate.

13.4.2 Coveralls should be of a disposable paper type.

13.4.3 Respiratory protection for workers shall be provided by the Contractor as required by current OSHA regulations.

13.4.4 The Contractor shall, at all times, have available for use by government representatives three (3) clean sets of safety equipment and clothing. This shall be stored in the clean room and be clearly marked FOR USE BY GOVERNMENT ONLY.

13.5 Decontamination

13.5.1 All workers, without exception:
13.5.1.1 Will change work clothes at designated areas prior to start of day's work. Lockers or acceptable substitutes will be provided by the Contractor for street and work clothes.

13.5.1.2 Will remove all work clothes in work area prior to departure from this area. Workers should then proceed to showers. Workers will shower before lunch and at end of each day's work. Hot water, towels, soap and hygienic conditions are the responsibility of the Contractor.

13.5.1.3 Will not smoke, eat or drink once beyond the clean room at the job site. Prior to smoking, eating or drinking, workers will fully decontaminate by showering. Each worker will then dress into a new clean disposable coverall to eat, smoke, or drink. This new cover can be used to re-enter the work area.

13.5.1.4 Will leave work footwear inside work area until completion of job.

13.6 Pre-Asbestos Removal Preparation

13.6.1 The Contractor will remove and dispose of all rubbish and debris from floor of work area first.

13.6.2 The Contractor shall thoroughly seal all openings and fixtures including, but not limited to, heating and ventilation ducts, doors, windows, and lighting with polyethylene taped securely in place.

13.6.3 Polyethylene sheets (6 mil minimum) will be used to cover entire floor and wall surfaces. Polyethylene sheets shall be used to cover all items left in place and not practical to move. Polyethylene shall be sealed so that it is secured in place during removal operations.

13.6.4 The Contractor shall set up a decontamination facility in an area pre-designated by the CCI, which will house the changing room, portable showers, toilets and equipment.

13.7 Method of Asbestos Removal

13.7.1 Asbestos abatement work shall not commence until arrangements have been made for disposal of waste at an acceptable site. The site must be identified prior to the start of work and must be approved by the PMDM.

13.7.2 The asbestos material will be sprayed with water containing an additive to enhance penetration. The additive or wetting agent will be 50% polyethylene-ester and 50% polyoxyethylene-ester at a concentration of 1 ounce per 5 gallons of water. A fine spray of this solution must be applied to prevent fiber disturbance preceding removal of asbestos material. The asbestos will be sufficiently saturated to prevent emission of airborne fibers in excess of exposure limits prescribed in the OSHA standards referenced in these specifications.

13.7.3 Removal of asbestos material will be done in small sections with two person teams, on staging platforms, if needed. Material will be packed into sealable plastic bags of 6 mil minimum thickness and placed in labeled containers for transport. Place caution labels on containers in accordance with EPA Standards and OSHA Regulation 29 CFR 1910.1001 (g)(2).
13.7.4 Clean external surfaces of containers thoroughly by wet sponging in designated area of the work area which is part of the equipment decontamination enclosure system. Move containers to washroom, wet clean each container thoroughly, and move to holding area pending removal to uncontaminated areas. Insure that containers are removed from holding area by workers who entered from uncontaminated areas dressed in clean coveralls.

13.7.5 Remove visible accumulations of asbestos material and debris. Wet clean all surfaces within work area.

13.7.6 Remove plastic sheets from walls and floors, windows and doors.

13.7.7 Clean all surfaces in work area and any other contaminated area with water. After cleaning work area, wait 24 hours to allow for settlement of dust, and again wet clean all surfaces in work area. After completion of second cleaning operation, perform a complete visual inspection of work area to ensure that work area is dust free.

13.7.8 All polyethylene material, tape, cleaning material, and clothing will be placed in plastic lined drums, sealed and labeled as described above for asbestos waste material.

13.7.9 All equipment at facility will be cleaned of asbestos material prior to leaving work area. Any damage to equipment and other items shall be repaired to original condition at no cost to the Government.

13.8 Air Monitoring

13.8.1 Throughout removal and cleaning operations, air sample monitoring will be conducted to ensure that the Contractor is complying with all codes, regulations and ordinances. The method to be used is described in OSHA Standards 1919.939.

13.8.2 Air monitoring will be performed to provide the following samples (per week) during the period of asbestos removal:

<table>
<thead>
<tr>
<th>Areas</th>
<th>Samples</th>
<th>Min. Sample Vol.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Work Area</td>
<td>4</td>
<td>60</td>
</tr>
<tr>
<td>Outside</td>
<td>2</td>
<td>120</td>
</tr>
<tr>
<td>Outside Bldg.</td>
<td>2</td>
<td>240</td>
</tr>
</tbody>
</table>

13.8.3 Samples will be taken after the actual removal operation has begun.

13.8.4 Baltimore County shall provide the air monitoring firm for sampling, testing and reporting.

13.9 Clean-up Guarantee

13.9.1 After the second cleaning operation, the following test should be performed: A complete visual inspection should be made to insure dust free conditions, and two air samples within 48 hours after completion of all cleaning work should be taken. (Minimum volume of air sample 240 liters).

13.9.2 If non-compliance occurs, repeat cleaning and measurement until space is in compliance. Refer to 26 CFR 1910.1001, 7A.
13.10 Disposal of Asbestos Material and Related Debris

13.10.1 All asbestos materials and miscellaneous debris in sealed drums will be transported to pre-designated disposal sites in accordance with guidelines and requirements to the U.S. Environmental Protection Agency and applicable State and local jurisdictions.

13.10.2 Workers unloading sealed drums and machinery operators will wear respirators when handling material at disposal site.

13.10.3 Bags may be dumped from drums into burial site. Drums may be reused; however, if a bag is broken or damaged, the entire drum shall be buried.

13.10.4 Contractor shall be responsible for all storage disposal, transportation, and removal permits (re: State or District, EPA, etc.).

13.11 Violations

13.11.1 If, at any time, the Contracting Officer decides that work practice is violating pertinent regulations or endangering workers, he will immediately notify in writing the on-site Contractor representative that operations will cease until corrective action is taken.

14. HAZARDOUS WASTE REMOVAL AND DISPOSAL

14.1 Certification

14.1.1 All bidders shall be Environmental Protection Agency and Maryland State certified hazardous waste haulers. A copy of the hauler’s certification, which must be current, must be provided prior to the award of the contract.

14.2 Packing

14.2.1 The hazardous waste must be transported in suitable, Federal DOT approved, 55 gallon drum containers that shall preclude the loss of any of the material to the environment. The containers shall comply with all Federal Department of Transportation regulations. The Contractor shall provide all containers and all vermiculite packing materials. The Contractor must properly label each container with a label approved by the Federal Department of Transportation.

14.3 Licenses – Hazardous Waste

14.3.1 The successful bidder must submit, prior to award of contract, Maryland Certified Haulers License, Certified Licensing for all trucks proposed for participation in the hauling process, Certified Haulers Licenses for all other additional haulers and their trucks involved during the course of this agreement, and Certified Disposal Site Licenses for the disposal/destruction locations to be employed during the term of this agreement.

14.4 Permits and Manifesting

14.4.1 The Contractor shall be responsible for obtaining all necessary permits. All manifests required for hauling and disposal of materials must be prepared by the Contractor and are subject to review and approval by the Baltimore County
14.5 Disposal

14.5.1 The disposal facility shall be an Environmental Protection Agency approved treatment and storage or disposal facility. The Contractor must supply to the County a Certificate of Disposal and Destruction and a copy of the completed manifest (signed off by all handlers of the waste) for each shipment of hazardous waste generated under this contract. No invoices shall be paid by Baltimore County until both documents have been provided by the Contractor to the Property Management Division Manager, or his authorized representative.

14.6 Removal

14.6.1 Pick-ups must be made within ten (10) calendar days after mobilization on site by the Contractor.

14.7 Placarding

14.7.1 Certified vehicles shall display a Hazardous Waste Transporter Vehicle Certification Sticker on the outside of the left door of the cab, either on the door immediately below the window or immediately forward of the door at approximately the same elevation. If the vehicle is a combination vehicle, the sticker shall be prominently displayed on the left side of the trailer and must not be obstructed from view by other markings, attachments, or equipment.

14.7.2 The vehicle operator shall compare labels and manifest to insure that the contents and quantities listed on the manifest are the same as those listed on the containers. Any discrepancies must be corrected.

14.8 Spills

14.8.1 In the event of a spill or loss of hazardous waste to the environment, any person engaged in the transportation of the waste shall not knowingly fail to report the incident immediately (within one hour) by phoning the Maryland Department of the Environment at (410) 974-3512 and the Baltimore County Fire Department (410) 887-4592. The person and vehicle involved must remain at the scene and available until clearance to leave is given by the appropriate officials. A copy of the Oil/Chemical Spills emergency numbers card must be carried in the vehicle transporting hazardous waste.

15. HAZARDOUS WASTE – LIGHT BALLASTS PCB REMOVAL.

15.1 General

15.1.1 Small capacitors and fluorescent light ballasts manufactured after 1978 have been labeled “NO PCB’s” by the manufacturers. Prior to 1978, small capacitors and fluorescent light ballasts were not labeled as to whether they contained PCB; therefore, all unlabeled capacitors and ballasts shall be assumed to contain PCB.

15.1.2 Hereunder, all ballasts not labeled “NO PCB’s” will be considered to contain PCB and shall be removed and incinerated of as such. The following procedures have been developed to assure proper incineration of small capacitors and fluorescent
light ballasts. *Note* All light ballasts that do not have “NO PCB’s “written on them, and all PCB contaminated materials are to be incinerated.

15.2.3 State Regulations: Maryland Controlled Hazardous Substances (CHS) Regulations (COMAR 26.13.01.)

15.3 Contractor Responsibility

15.3.1 Compliance: The Contractor shall assume full responsibility and liability for compliance with all applicable Federal, State, and Local regulations pertaining to the protection of his workers, visitors to the site, and persons occupying areas adjacent to the site. The Contractor shall hold the government harmless for failure to comply with any applicable safety or health regulation on the part of himself, his employees, or his subcontractors.

15.3.2 Medical Review: The Contractor is responsible for providing medical examinations and maintaining medical records of personnel as required by the applicable Federal, State, and local regulations.

15.4 Preparation

15.4.1 Isolate the PCB area for the duration of the work so as to prevent unauthorized access by designating the area off limits to all but authorized personnel. Maintain a log of all persons visiting the PCB work site.

15.4.2 Post warning signs and labels as required by this contract 29, CFR 1910, 40 CFR 761, and as directed by the Baltimore County Government’s representative.

15.5 Work Procedure

15.5.1 General Procedures: Perform all PCB related work and comply with the general safety and health provisions in conformance with 29 CFR 19810, 29 CFR 1926, and 40 CFR, respectively. If a conflict arises, the more stringent application shall apply until a determination is made by the Baltimore County Government’s representative.

15.5.2 Coordination of Work of all Trades: Coordinate the work of all trades to assure that their work is performed in accordance with the applicable regulations and that the PCB control area remains separated from the remaining work areas.
15.6 **Equipment**

15.6.1 Equipment, including disposable protective clothing, i.e., type suits, respirator with filters NIOSH & OSHA approved to work with PCB’s rubber gloves, etc. All equipment shall be used in the execution of this contract and be provided to visitors to the site. The equipment shall also comply with all applicable Federal, State and local regulations.

15.7 **Field Quality Control**

15.7.1 Site Inspection and Stop Work Orders: While performing this work, the Contractor shall be subject to onsite inspection by agency officials or agency contracted inspection services. Work shall also be subject to inspection by OSHA and EPA inspectors and/or State building or health officials. If found to be in violation by one of these officials, the Contractor shall cease all work immediately. Until the violation is resolved, standby time required to resolve the violation shall be at the Contractor’s expense.

15.7.2 One complete set of equipment (such as respirators and disposable clothing) required for entry to the work area shall be made available within 2 hours of request by the Baltimore County Government’s representative for inspection of work area. Such requests will only be made during normal working hours.

15.8 **Cleanup and Disposal**

15.8.1 Permits and Notifications: Secure necessary permits in conjunction with PCB removal, hauling and disposition and provide timely notification of such actions, as may be required by Federal authorities. Notify the Office of the United States Environmental Protection Agency and provide copies of the notification to the Baltimore County Government’s representative 10 days prior to the commencement of the work.

15.8.2 Housekeeping: Essential parts of PCB control are housekeeping and cleanup procedures. Maintain all surfaces on the work area free of accumulation of debris to prevent further dispersion. Give meticulous attention to restricting the spread of debris, keep waste from being distributed over the general area or to other areas in the building. The blowing down of the work area with compressed air is forbidden. Post appropriate hazard warning signs. In all possible instances, workmen shall cleanup their own areas. Provide personnel in cleaning scrap and waste with personal protective clothing.

15.8.3 Incineration of PCB Containing Materials: Collect and dispose of all PCB Ballasts and contaminated waste, rags, scrap, debris, bags, containers, equipment, and PCB contaminated clothing in properly labeled PCB disposal drums. Waste PCB containing material shall be transported to an incineration site. The Contractor will provide the Baltimore County Government’s representative with a copy of all manifests and continuation sheets resulting from the incineration of the PCB containing waste. In some instances, a temporary holding area can be established upon approval by the Baltimore County Government’s representative for properly packaged PCB waste.

16.2 Contractor Responsibility

16.2.1 Compliance: The Contractor shall assume full responsibility and liability for compliance with all applicable Federal, State, and Local regulations pertaining to the protection of his workers, visitors to the site, and persons occupying areas adjacent to the site. The Contractor shall hold the government harmless for failure to comply with any applicable safety or health regulation on the part of himself, his employees, or his subcontractors.

16.2.2 Medical Review: The Contractor is responsible for providing medical examinations and maintaining medical records of personnel as required by the applicable Federal, State, and local regulations.

16.3 Equipment

16.3.1 Equipment, including disposable protective clothing, i.e., type suits, respirator with filters NIOSH & OSHA approved to work with PCB’s rubber gloves, etc. All equipment shall be used in the execution of this contract and be provided to visitors to the site. The equipment shall also comply with all applicable Federal, State and local regulations.

16.4 Preparation

16.4.1 Isolate the PCB area for the duration of the work so as to prevent unauthorized access by designating the area off limits to all but authorized personnel. Maintain a log of all persons visiting the PCB work site.

16.4.2 Post warning signs and labels as required by this contract 29, CFR 1910, 40 CFR 761, and as directed by the Baltimore County Government’s representative.

16.5 Work Procedure

16.5.1 General Procedures: Perform all PCB related work and comply with the general safety and health provisions in conformance with 29 CFR 1910, 29 CFR 1926, and 40 CFR, respectively. If a conflict arises, the more stringent application shall apply until a determination is made by the Baltimore County Government’s representative.
16.5.2 Coordination of Work of all Trades: Coordinate the work of all trades to assure that their work is performed in accordance with the applicable regulations and that the PCB control area remains separated from the remaining work areas.

16.6 Transformer Removal

16.6.1 The following is a basic outline of the minimum steps that will be taken during the removal of PCB containing transformers. The procedure, plan of action, submitted for approval by the Contractor should address these points:

16.6.1.1 The Contractor shall assure that all power to the poles has been cut off.

16.6.1.2 The Contractor will prepare to dismantle each transformer and lower to the ground by wrapping 6 mil polyethylene or equivalent around the transformer and secure prior to lower from the pole.

16.6.1.3 Lower transformer to the ground in preparation of draining PCB fluids.

16.6.1.4 The PCB fluid inside transformers must be drained and containerized in accordance with COMAR 26.13.02.19.

16.6.1.5 Disposal of this material will be in accordance with COMAR. Any concentrations or fluids testing greater than 50 ppm are considered PCB containing.

16.6.1.6 Handling of this fluid must be by persons trained and certified in the 40 hour OSHA Hazardous Materials Worker Training Program.

16.6.1.7 Disposal of this material must be in accordance with COMAR 26.13.02.19.

16.7 Field Quality Control

16.7.1 Site Inspection and Stop Work Orders: While performing this work, the Contractor shall be subject to onsite inspection by agency officials or agency contracted inspection services. Work shall also be subject to inspection by OSHA and EPA inspectors and/or State building or health officials. If found to be in violation by one of these officials, the Contractor shall cease all work immediately. Until the violation is resolved, standby time required to resolve the violation shall be at the Contractor’s expense.

16.7.2 One complete set of equipment (such as respirators and disposable clothing) required for entry to the work area shall be made available within 2 hours of request by the Baltimore County Government’s representative for inspection of work area. Such requests will only be made during normal working hours.

16.8 Cleanup and Disposal

16.8.1 Permits and Notifications: Secure necessary permits in conjunction with PCB removal, hauling and disposition and provide timely notification of such actions, as may be required by Federal authorities. Notify the office of the United States Environmental Protection Agency and provide copies of the notification to the Baltimore County Government’s representative 10 days prior to the commencement of the work.
16.8.2 Incineration of PCB Containing Materials: Collect and dispose of all PCB containers, equipment, and PCB contaminated clothing in properly labeled PCB disposal drums. Waste PCB containing material shall be transported to an incineration site. The Contractor will provide the Baltimore County Government's representative with a copy of all manifests and continuation sheets resulting from the incineration of the PCB containing waste. In some instances, a temporary holding area can be established upon approval by the Baltimore County Government's representative for properly packaged PCB waste.

17. **LEAD ABATEMENT WORK.**

17.1 **General**

17.1.1 The Contractor shall assure Baltimore County that all lead-contaminated waste, scrap and debris is handled, stored, transported and disposed of in accordance with EPA, State and local regulatory agency requirements, latest editions.

17.2 **Related Work**

17.2.1 Title to Materials: Materials resulting from demolition work, except as specified otherwise, shall become the property of the Contractor, and shall be disposed of in accordance with the methods specified herein.

17.3 **References**

17.3.1 Code of Federal Regulations (CFR):

29 CFR 1926, Occupational Safety and Health Act, Construction Industry.

17.3.2 Department of Transportation Regulations (DOT): 49 CFR Part 178.

17.3.3 State Regulations: Maryland Controlled Hazardous Substances (CHS) Regulations (COMAR 26.13.01.)

17.4 **Contractor Responsibility**

17.4.1 Compliance: The Contractor shall assume full responsibility and liability for compliance with all applicable Federal, State, and Local regulations pertaining to the protection of his workers, visitors to the site, and persons occupying areas adjacent to the site. The Contractor shall hold the government harmless for failure to comply with any applicable safety or health regulation on the part of himself, his employees, or his subcontractors.

17.4.2 Medical Review: The Contractor is responsible for providing medical examinations and maintaining medical records of personnel as required by the applicable Federal, State, and local regulations.

17.4.3 Air quality during the demolition process shall be monitored for air-born lead content and shall be in accordance with EPA, State and local regulations and requirements.
17.5 Work Procedure

17.5.1 Lead contaminated waste, scrap, and debris shall be disposed of as follows:

Lead contaminated waste, scrap, debris, bags, containers, equipment and lead-contaminated clothing, which may produce airborne concentrations of lead particles shall be stored in U.S. Department of Transportation CFR 49 Part 178 approved 200 liter (55 gallon) drums. Each drum shall be labeled to identify the type of waste as defined in CFR 49 Part 172 and the date lead-contaminated wastes were first put into the drum. The Uniform Hazardous Waste Manifest forms from the Federal and State agencies shall be obtained and completed. Land disposal restriction notifications shall be as required by CFR 40 Part 268. The Owner's Representative shall be notified at least 14 days prior to delivery to arrange for job site inspection of the drums and manifests. Lot deliveries of hazardous wastes shall be made as needed to ensure that drums do not remain on the work site longer than 90 calendar days from the date affixed to each drum. The Contracting Officer will assign an area for interim storage of waste-containing drums.

17.6 Field Quality Control

17.6.1 Site Inspection and Stop Work Orders: While performing this work, the Contractor shall be subject to onsite inspection by agency officials or agency contracted inspection services. Work shall also be subject to inspection by OSHA and EPA inspectors and/or State building or health officials. If found to be in violation by one of these officials, the Contractor shall cease all work immediately. Until the violation is resolved, standby time required to resolve the violation shall be at the Contractor’s expense.

17.6.2 One complete set of equipment (such as respirators and disposable clothing) required for entry to the work area shall be made available within 2 hours of request by the Baltimore County Government’s representative for inspection of work area. Such requests will only be made during normal working hours.

17.7 Cleanup and Disposal

17.7.1 Permits and Notifications: Secure necessary permits in conjunction with lead contaminated materials removal, hauling and disposition and provide timely notification of such actions, as may be required by Federal authorities. Notify the Office of the United States Environmental Protection Agency and provide copies of the notification to the Baltimore County Government’s representative 10 days prior to the commencement of the work.

17.7.2 Toxicity Characteristic Leaching Procedure (TCLP) Results: The results of the TCLP analysis performed during abatement shall be used to determine disposal procedures.

17.7.3 Disposal Documentation: Written evidence shall be provided that the hazardous waste treatment, storage, or disposal facility is approved for lead disposal by the EPA and State or local regulatory agencies. One copy shall be submitted of the
complete manifest; signed, and dated by the initial transporter in accordance with CFR 40 part 262.

17.7.4 Payment for Hazardous Waste: Payment for disposal of hazardous waste will not be made until a signed copy of the manifest from the treatment or disposal facility certifying the amount of lead-containing materials delivered is returned and a copy is furnished to the Property Management Division Manager, or his authorized representative.

18. MEASURE AND PAYMENT.

18.1 Track loader, minimum 3 cubic yard bucket, paid for by the hour, includes operator, fuel, vital fluids, full maintenance and repair.

18.2 Bulldozer, minimum 8’ blade, paid for by the hour, includes operator, fuel, vital fluids, full maintenance and repair.

18.3 Excavators with one (1) bucket, and grapple, and one (1) with mechanical pulverizer, minimum 70,000 lb. Capacity, paid for by the hour, includes operator, fuel, vital fluids, full maintenance and repair.

18.4 Truck, single axle dump, tandem axle dump, and tractor trailer dump, paid for by the hour, one (1) hour total travel time allowed for both Contractor’s yard to job site and dump to Contractor’s yard, from job site to dump and dump to job site; includes operator, fuel, vital fluids, and full maintenance and repair. The PMDM, or his authorized representative, must approve the dump site to be used by the Contractor for each job.

18.5 Dumping charges – paid for by the cubic yard, for construction debris/rubble landfill, concrete/blacktop reclamation operation, asbestos and asbestos contaminated material landfill, contaminated soil (by fuel) landfill.

18.6 Borrowed material – paid for by the cubic yard, furnished and installed.

18.7 Grounds restoration – paid for by the square foot, furnished and installed, topsoil, grass seed, straw mulch, hydroseeding with fiber mulch. The contaminated soil test is paid for by the each and includes all costs associated with the test.

18.8 Backhoe, rubber tired, minimum 24” bucket, and skid steer, minimum 50HP, paid for by the hour, includes operator, fuel, vital fluids, full maintenance and repair.

18.9 Excavator high reach, 70’ reach, universal processor, pulverizer/shear, paid for by the hour, includes operator, fuel, vital fluids, full maintenance and repair.

18.10 Mobilization, for track loader, bulldozer, excavators, backhoe, skid steer, and high reach excavator, individually paid once per job site.

18.11 Capping of well by licensed well driller, paid for per well.

18.12 Capping of public water and sewer, by registered master plumber, paid for by the hour, time on the job plus one (1) hour for pulling permit for each job. The cost of permits is incidental to the other line items. There is no separate pay items for permits.

18.13 Asbestos abatement materials, duct tape and polysheeting paid for by the roll, encapsulates and mastic remover paid for by the gallon, rags paid for by the pound, adhesive spray and bags paid for by the each, coveralls paid for by the set.
18.14 All labor is paid for by the hour (asbestos and lead abatements skilled mechanics, hazardous waste removal chemists, and compaction test technicians). Hazardous waste removal chemists identify and categorize waste, sort and pack drums, and perform identification testing – these services are included in their hourly rate. The chemist must be trained and certified in the 40 hour OSHA Hazardous Worker Training Program, and the certification must be current. Asbestos and lead abatement skilled mechanics perform abatement services including preparing and packing asbestos and lead waste and asbestos and lead contaminated materials for transport to the landfill or facility of destruction. Compaction test technicians perform all field work associated with the test. For all labor contract pay items paid by the hour, the Contractor shall not charge Baltimore County for travel time to and from the work site or workers’ lunch breaks. Baltimore County shall pay only for actual work time on the job. The Contractor shall come prepared to the job site with the correct materials and parts needed for the work. If the Contractor finds that they need materials or parts not anticipated in the original scope of work, they may use work time to go to the closest supply house to pick up that part or material. Only a maximum of one (1) man hour can be charged per day for such activity, if approved by the county on that day. If the Contractor needs a water meter to access a hydrant, it can be obtained when applying for a permit.

18.15 For lead abatement work, the TCLP test is paid for by the each and includes the cost of all labor, materials, and equipment. Removal and disposal of lead and lead contaminated materials is paid for by the drum and includes the cost of packing materials, the drum, and all labor, materials, and equipment needed for removal, transportation, and disposal. The labor for packing the drum is paid for by the contract pay item for lead abatement skilled mechanic.

18.16 For hazardous waste removal and disposal work, all waste contract pay items are paid for by the drum and include all costs of labor, materials, and equipment needed for removal, transportation and disposal. Vermiculite, used as packing materials, is paid for by the pound. Railroad ties and creosoted poles are considered hazardous waste and should be priced in accordance with the pay items for hazardous waste removal and disposal. If they do not fit into an established hazardous waste pay item category, they will be considered change order items.

18.17 For fuel storage tank removal and disposal services, all contract pay items for tanks are paid for by the each and includes all costs of labor, materials, and equipment to remove the tanks from the work site, clean them out, and dispose of them at the facility of destruction. The cost of excavating the tank, if it is an underground storage tank, and loading of each tank on the truck being used for transportation shall be paid for under the contract pay items for truck loader and backhoe. The removal and disposal of heating oil and diesel fuel is paid for by the gallon. This includes all costs of labor, materials, equipment, and transportation. The removal and disposal of gasoline is paid either by the gallon or by the drum. This includes all costs of labor, materials, equipment, drums and packing. Transportation for the removal and disposal of gasoline is paid for by the each.

18.18 For soil compaction testing services, the compaction test is paid for by the each and includes all costs of equipment and reporting. Compaction tests shall be taken for each 8 inch lift of compacted backfill. The nuclear test gauge is paid for by the day and includes all costs of equipment and reporting. There will be no line item for roller for compaction. If one is needed, it will be considered a change order item. Mileage for the field technician is paid for transportation to and from testing facilities, not to and from the work site from his company’s headquarters or office, or his home. Mileage includes all costs of transportation.
18.19 All costs of tools, supervision, foreman, materials, equipment, fuel, and incidentals not covered by the contract pay items, but necessary to fulfill the contractual obligations of the scope of work, conditions and specifications, are incidental to all other contract pay items and not chargeable to the County by the Contractor.

18.20 For silt and super silt fencing, the fencing is paid for by the linear foot, reference respectively Attachment A, Detail E-1 and Attachment B, Detail E-3. The cost per foot includes all costs for labor, supervision, foreman, materials, equipment, fuel, and incidentals not covered by contract pay items, but necessary to fulfill the complete installation and removal of the fence.

18.21 The Stabilized Construction Entrance will be paid for by the each, reference Attachment C (U.S. Department of Agriculture Natural Resources Conservation Service, MDE Water Management Adm., Standards and Specification for Stabilized Construction Entrance, Detail B-1). The each price includes all costs for labor, supervision, materials, equipment, fuel, and incidentals needed to construct and deconstruct and remove the stabilized construction entrance.

18.22 The temporary fence shall be a rental item, paid dollar for dollar, with no mark-up permitted. The price includes providing all labor, material, equipment, fuel, and incidentals to provide, install, repair if needed, and remove, temporary fencing sections, 6’ high by 12’ wide, with or without barbed wire, with footers of either block or metal. Contractor must provide supplier invoices verifying the actual cost and include with the invoice, for the invoice to be approved by the PMDM.

18.23 The capping of hand-dug wells shall be paid for by the each, and shall include all labor, supervision, materials, fuel, and incidentals to have the well capped and covered with concrete, by a licensed well-driller, in accordance with all state and local regulations.

18.24 Rental equipment to be used for approved Time and Material Work during this agreement will be reimbursed using the equipment listed in the “Rental Rate Blue Book for Construction Equipment, Vol. 2” as published by the Machinery Information Division of K-Book (as referenced) formula: weekly hourly rental rate (weekly rate divided by 40) plus regional map adjustments plus estimated operating costs per hour. Overhead and profit, fuel, repairs, oil, vital fluids, maintenance, incidentals and all items of cost required for full operation of the equipment are pre-calculated in the Blue Book rating system. Only one hourly rate applies. Prior to arrival of the equipment on site, the PMDM must approve the use of equipment. Baltimore County shall not pay rental charges for unauthorized equipment at any job site.

18.25 Excavator, mini, 50 HP. The mini excavator shall be paid for per hour.

18.26 Topsoil, screened, 3/8”, PH of 7.8 or less, minimum of 10% organic matter, priced per cubic yard.

18.27 Materials, incorporated in the work, not contained in the other line items (plywood, board lumber, etc.), paid for by cost of materials multiplied by the contract mark-up. When submitting invoices for materials incorporated in the work. The Contractor must also include copies of their manufacturer/vendor invoices for materials used, thereby providing verification of actual cost.

18.28 Rental, equipment, paid for by the cost of the rental multiplied by the fixed rate noted on the Price Sheet. The Contractor must also include copies of their supplier invoices, thereby providing verifications of actual cost.
18.29 Labor, unskilled, paid for by the hour. See Section 18.14.

18.30 Subcontractor, paid for by the cost of the sub-contractor’s services multiplied by the fixed rate noted on the Price Sheet. The Contractor must also include copies of the subcontractor’s invoices for services, thereby providing verification of actual cost.

19. IDENTIFICATION OF ASBESTOS, LEAD, FUEL STORAGE TANK REMOVAL AND DISPOSAL AND HAZARDOUS MATERIALS

19.1 Generally, Baltimore County will identify the need for asbestos and lead abatement, and fuel storage tank and hazardous waste removal and disposal. If on any job site, the Contractor discovers the need for these special services, they must contact the Property Management Division Manager, or his designated representative, by the next business day and provide a price quotation within three (3) business days. The Contractor shall not proceed with providing these special services unless they have complied with this procedure. If the Contractor fails to comply with this procedure for special services, they do so at their own risk without compensation from Baltimore County.
