1. **Question:** Can you provide the number of estimated orders per year?

**Answer:** Sorry, but I do not have data on the number of orders per year. Annual quantity estimates are shown on the solicitation pricing page, but these are not guarantees of any order quantities.

Regarding dollar expenditures - some orders are placed directly by the agency using credit cards and are not part of the dollar expenditure data available in our system for this contract.

The expenditure for orders that were issued as delivery orders during the past five years is: $151,750.36 which does not include any credit card purchases.

We are unable to capture yearly expenditures or the number of shipments or items per shipment for this contract.

2. All other terms and conditions remain the same.
