LANDSCAPE PLAN REVIEW SERVICES**

AMENDMENT NO. 2

The following information is offered, as the result of correspondence received through October 7, 2020.

- 1. Question:** With regard to Section 3.2 of the General Conditions (Page 20) concerning a Minimum of 5 years of experience reviewing landscape plans:

Is this for the individual that will be doing the work, or the firm as a whole? Also, does it need to be specifically Landscape plans, or can civil plans count towards the five years?

Answer: The five (5) years of experience can be with the firm, or the supervising individual at the firm. It would be helpful if the proposal includes a resume for the landscape reviewer and/or the supervisor of the reviewer. Additionally, the five (5) years of experience is specific to landscaping review, and not to be substituted with other types of civil engineering plans.

- 2.** All other terms and conditions remain the same.
