WOMEN'S
Equality
Day

*Women in the United States
were granted the right to vote
on August 26, 1920, when the
19th Amendment to the United
States Constitution was
certified as law.*

In celebration of Women's Equality Day, there will be a forum hosted by the Maryland Commission for Women and the Baltimore County Commission for Women to hear the challenges that women face today, and what would make their lives better.

A report will be developed from this forum with recommendations for improvements in programs, legislation and policies—to be presented to the Governor, State Legislature, Baltimore County Executive and County Council.
