Interested persons are invited to attend career assessments immediately following orientation.

**American Job Center
@ The Liberty Center**
3637 Offutt Rd
Randallstown, MD 21133

Explore careers in Information Technology & Bioscience

**Out of work for at least
19 weeks?**

Maryland Tech Connection is a grant-funded project serving long-term unemployed persons. It assists in redesigning work search techniques and prepare for middle skilled and high-skilled career options in Information Technology and Biosciences. Selected individuals will participate in job services, short-term occupational training and career pathway training.

**Interested?
Call 410-887-0953
to learn how to register!**

MTC is a project funded by the federal government. The primary goal of MTC is to help people improve their skills, and to find and keep jobs. In order to learn what works, the federal government is conducting a study requiring every person eligible for MTC to be selected through a lottery system. Those not selected through the lottery will not be able to participate in MTC, but will be able to enroll in any other services or programs for which they are eligible.
